ALL THE WAY FROM CANADA

I have to give a lot of credit to Bernard Slade for creating the most fabulous show on television, THE PARTRIDGE FAMILY. Also, I would like to know why you never print anything from Canada? I can't help it if I am a Canadian in love with an American named David Cassidy!

Dear Bonnie,

How's that for printing something all the way from Canada?

FRIDAY FAVORITE

I can hardly wait until Friday nights get here so I can tune into you know what! There used to be nothing that I would like to watch on Friday but thank heavens to the Partridge Family for filling the void. Now Friday is my favorite day of the week!

HAPPY BIRTHDAY FAN

I am so happy!! For my birthday, I received all three of the Partridge Family albums. They are all really great albums and I've been listening to them for hours ever since that happy day. For all you fans who don't have yours yet, go and get 'em. Guess what? My father likes them too!

MORE ON DANNY

Danny Bonaduce is something else. He is so adorable and funny. I think he is a good actor and he adds something special to the show. I wish there was more reading material available on Danny but I've probably read everything there is. Is there something perhaps that I've missed?

For those of you who are in the same boat as Kathy, why not check page 48 and see if you haven't ordered your special book, "Daring Danny Bonaduce". This book is filled with all kinds of facts and things that you'll want to know about Danny.

HAPPIEST DAY

David Cassidy is my favorite actor, singer and personality. I was so thrilled and happy when I heard that he was going to give a concert in San Diego. It was the most exciting concert I've ever been to and David is really a good performer. I want to thank you, David, for making that the happiest day in my life.

FAVORITE MAG!

Official Partridge Family Magazine is my favorite magazine to read! It always has so many exciting things

to read about and I learn so much about the Partridge Family members. I especially like Brian and I hope you will be printing lots of good things on him!

HEAD OVER HEELS

I watch the Partridge Family every Friday night and I haven't missed a show yet! I especially think that David Cassidy is heavenly and I love his great smile. Some of my friends really think I'm nutty because all I ever talk about is David, David, David. Guess I'm just head over heels for him.
