MY Christmas Card TO YOU!

Because you're very special to the Partridge stars, they wanted to share some beautiful sounds with you! Their 4th album, "A Partridge Family Christmas Card" is filled with all the beautiful Christmas songs you love so well like "Frosty the Snowman," "White Christmas," and "Santa Claus is Coming to Town!" But there's also an extra special song written just for you. So grab your album 'cause David wants to sing it to you right now!

CHORUS

To You and all your fam'ly your neighbors and your friends. With sunshine May all your days be happy with a joy that never ends. May peace and love surround you at Christmas time and all the whole year through! May your life with sunshine may your ever may you find a in everything you at Christmas time and all the very very life.

I'm looking out my window at the softly falling snow, that dances in the early morning light. I've got my guitar right before me Strummin' a beautiful sound. Watchin' it a coming down all around on the fields and the farms on the road to town.

I'm thinking up a letter that I'm writing in my head. A Christmas card to all the folks I love.

Instead of lettin' the postman bring it, I decided I'd rather sing it especially for you.
