

Fax On Faves

The record industry, long known for its creativity, has produced some wild album jackets over the years! And while those shaped like silver dollars (by Grand Funk) and others adorned with pine needles and zippers (like Sugarloaf and the Rolling Stones) were considered unique, Melanie is going to introduce the first SCENTED album cover! Carrying the name "Garden in the City," it'll include some of Melanie's greatest songs, as well as the fragrance of a garden on a sunny spring day! . . . David Cassidy's concert at the Astrodome in Houston was a complete success—with 44,000 fans in attendance! . . . The Brady Bunch kids, Bill Mummy, "Arnie's" Stephanie Steel and Keith Moon of the Who were on hand opening night at the Hollywood premiere of the rock opera, "Tommy" . . .
