## FOR DAVID

I'd like to know how often you wash your Corvette and whether you wash it yourself at home or if you run it through a car wash? Linda Morrison, Thornton, Colorado.

Dear Linda,

With the busy schedule I have, I've got no other choice but to take it to a car wash. One thing I always enjoyed doing before was spending a good part of the day washing and waxing my car! I'd really get in there and give it a good cleaning! Even the hub caps and chrome fenders looked spotless when I'd get through! But now, when I do get a second free, I don't want to spend it washing the car. So, the good old car wash comes in handy!

## FOR THE OSMONDS

I was wondering if you ever have to do the dishes at your house? With such a big family and only two girls, your mom and Marie, I was wondering if you ever help out in that way? Donna Damoto, So. Norwalk, Conn.

Dear Donna,

Not for the past several months we haven't! With all the concerts and recordings we've been doing there hasn't been too much time to really do anything else! Whenever help is needed we try to pitch in and give it a hand, but usually our mother says, "You boys rest, I'll take care of this." Usually on a holiday if we're home, we all help wash and dry and clear the table, after telling Mother and Marie that it's our turn this time!

In case of duplication, earliest postmark wins. Send your questions to ASK US YOURSELF, TIGER BEAT SPECTACULAR, 7060 Hollywood Boulevard #800, Hollywood, Calif. 90028. Remember to include the star's name!

## FOR BOBBY SHERMAN

What's happening with your Cancer Foundation? I've sent in a couple of dollars and I haven't heard anything about what you're doing. Lisa Cahill, Columbus, Ohio.

Dear Lisa,

Thank you so much! All of the money goes to the Cancer Research Foundation where they are working every day to find a cure that will put a stop to this terrible disease! Thanks, Lisa, for giving your share to this worthy cause! All my love!

## FOR SUSAN DEY

I think you're just great on The Partridge Family and I was wondering how long you have to work to film one show? Thanks, Denise Lintz, Oceanside, N.Y.

Dear Denise,

It takes about 6 days. Monday afternoon we read over the new script and discuss any questions we have. Tuesday thru Friday we shoot and have rehearsals, working from about 8 a.m. until 5 or 6 p.m. The following Monday morning we do looping, which is doing re-takes and changing anything that needs it!

## FOR JERMAINE JACKSON

I'm dying to know how often you get your hair cut and who cuts it? Kim West, Tampa, Florida.

Dear Kim,

I have no set time as to when I cut my hair, usually when it starts looking too long! Mostly my mom or dad cuts it! Thanks for writing to me at Tiger Beat Spectacular!
