I HAD SO MUCH fun in Hawaii, especially since I was there with those fabulous Osmonds! Here we are by the auditorium at afternoon rehearsals!

Would you believe what just happened to me? Well, actually I can't believe it either, but I just spent 3 wonderful days in Hawaii with your friends and mine, the OSMOND BROTHERS!

When the OSMONDS were in Las Vegas a couple of months ago I was really delighted when they invited me down to their opening at Caesar's Palace. But, when I heard they were doing a concert in Hawaii I never dreamed that I would get another invitation!

It was ALAN who called me one day at the Tiger Beat office and told me I was welcome along. At first I didn't believe him but when DONNY grabbed the phone from ALAN and called out, "It's true, SHARON," I knew he wasn't kidding!

As usual the OSMONDS concert was super fantastic and I had a marvelous time. The OSMONDS know that one of the best ways to reach YOU is right here through the pages of Tiger Beat each month! So, keep tuned for all the up to the minute OSMOND information!

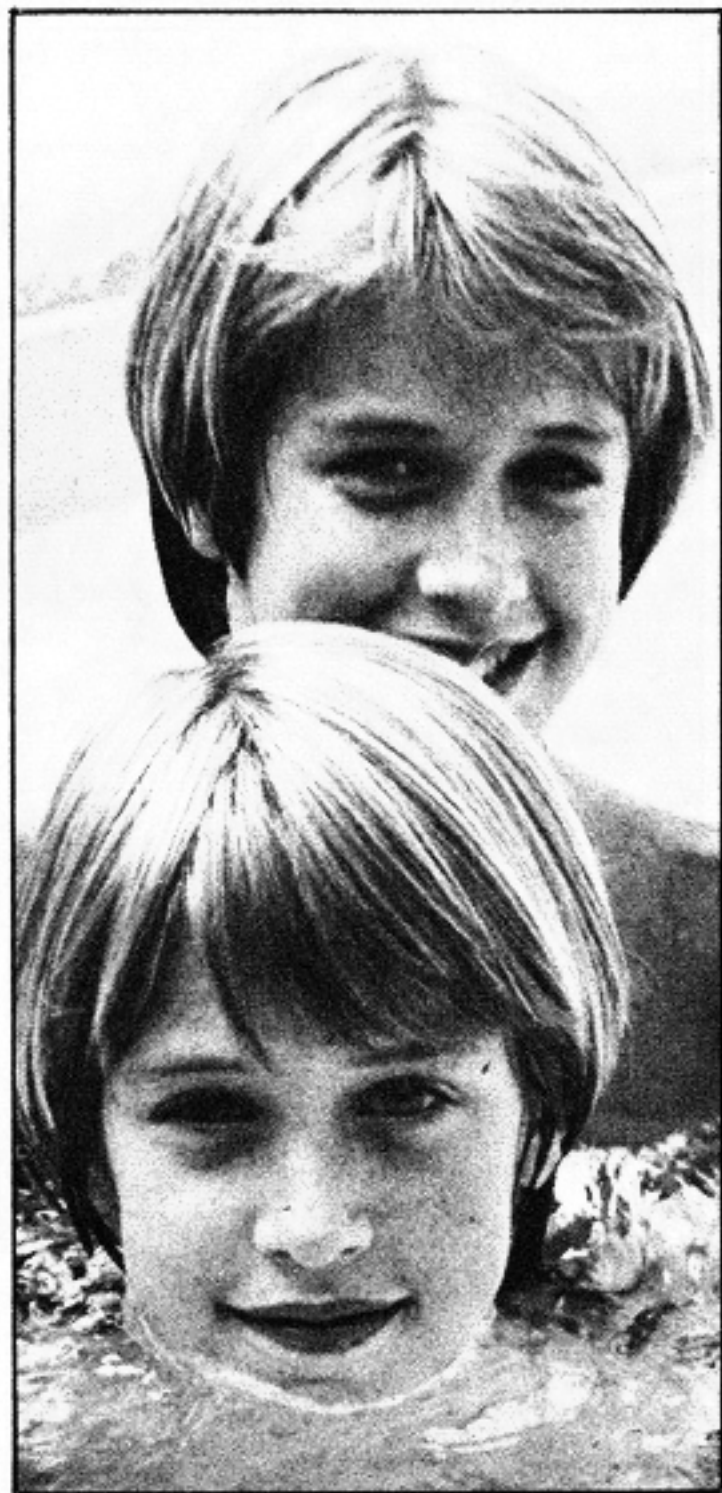

The guys had lots of fun swimming, dancing, and playing football on the white sands. The sun gave them all a healthy glowing tan, too!

Tickets to the OSMONDS' performance were sold out a couple of hours after they went on sale and lines started forming at the box office 9 hours before it even opened! Everyone agrees, it was really worth it!

It seems as though everybody loves Hawaii, and DAVID CASSIDY is no exception. In fact, DAVID's thinking about buying some land up there and having a Hawaiian house he can spend vacation time in!

DAVID loves the golden sands of Hawaii so much that when his roommate SAM HYMAN gave him a beautiful English Setter puppy for his birthday, they named her "KULA," which means "gold" in Hawaiian!

JAN MICHAEL VINCENT is working away over at Disney studios on his new movie, "The World's Greatest

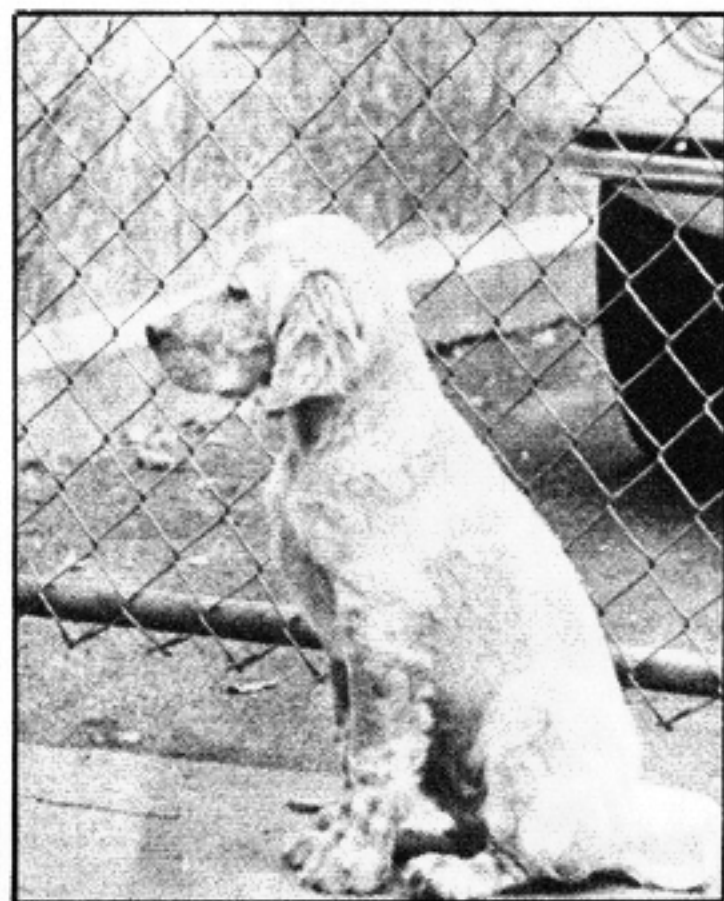

HOW ABOUT THE WILLIAMS boys! Aren't they groovy? Don and Andy are 13 years old and are twins. They're excellent singers and play guitar!

MARIE AND THE OSMONDS' mom and dad came to both shows. Backstage Marie and I shared the giggles! Next month in Tiger Beat YOU can share more of the Osmonds' memories!

Athlete!" I bumped into him last week when I was on the Disney lot in Burbank talking to KURT RUSSELL about his latest pix, "Now You See Him, Now You Don't!"

Speaking of DAVID, well, we were ... AARONS Management, (his agents and handlers) and DAVID have formed a new company called RU-DA Music for publishing DAVID's own song compositions. RU stands for RUTH, DAVID's manager Ruth Aarons and DA of course, for David.

DAVID'S NEW PUPPY, Kula, waits patiently by the front gate for her master to come home and play!

SHIRLEY JONES has formed her own production company, too, and has named it after her eldest boy, SHAUN. It's called Shaun Productions Company, Inc.

While DAVID's busy on the Partridge set this summer, his dad JACK CASSIDY is all set to star in a new comedy to open on Broadway called "Tough To Get Help."
