

So many **STAR** Magers are saying that "Cherish" is the most beautiful and soulful sound David Cassidy has ever put on record!

It's true, and David has a very personal reason why! Now David tells you all about it in his own words as he tenderly asks *you* to...

# "Cherish Me As I Cherish You!"

by **DAVID CASSIDY**

*"Cherish is the word I use to describe All the feeling that I have hidin' here for you inside..."*

"When I recorded 'Cherish', the song had a deep and love-filled meaning for me. I felt both hope and heartbreak. That's why, I guess, 'Cherish' has such a special meaning for me. I sing it for *one certain girl* who lives in my dreams. Who is she?? My secret love! She's SO secret, in fact, that I'm not even sure I know who she is yet, but I dream about her, love her and really *cherish* her just the same.

## **WE WILL CHERISH EACH OTHER!**

"Maybe I've met her, maybe I haven't. She may be someone I see every day or someone I will not see until that special day when you and I meet. But this much I do know about her. She is my future wife! I don't see her as 'DAVID'S DREAM GIRL!' I don't care whether she is blonde or brunette, short or tall. That doesn't really matter. What matters is the kind of person she is *inside*. At first, I might not realize that she is my love, until I get to know that inside person. People have to get to know each other and grow to trust one another before real love can flower. And mutual trust is what makes it possible to really love and *cherish* someone.

## **OUR FUTURE TOGETHER!**

"Sometimes I can't help but wonder where and when we'll meet. Maybe I'll first see you running along a sun-bright beach... or maybe I'll meet you on a dark and rainy day in a distant city. We might share an umbrella and talk up our OWN storm! Maybe I'll meet you at one of my concerts.

"What will life be like when that *someday* comes?"

## **A LIFETIME OF SHARING!**

"It will be wonderful... I *know* it will! We'll spend a lifetime growing in mutual understanding and love, a lifetime caring and sharing. It will be wonderful when I can express the love I feel for you openly, anytime I want to! Right now, even though I'm very busy with my career, I feel your absence so much! Sometimes when I'm falling asleep I think about you—my future love—and instinctively reach out to hold you. Then, suddenly, I realize that no one is there.

"When you're a little sad, I'll know it almost instinctively. I'll take your hand, stroke your cheek, and my tender kiss will help to make you feel that everything will be all right. And we'll talk a lot, too. We'll be open and honest with each other. Our *cherished* love and trust will let us be.

## **MY MRS. DAVID CASSIDY!**

"Somewhere, this very minute, I hope and pray that you, the future Mrs. David Cassidy, just MIGHT be reading these words. And you know, now, somehow, in your heart that you and I *will* meet someday—and grow to *cherish* one another for a lifetime!

"Listen to that small voice in your own heart. If it tells you that you truly *cherish* me, as I do you, then you know for sure, that you Girl are the Love I'm looking for... to *cherish* for always. Please wait for me."★
