

The night is warm and starlit, and as far as *you're* concerned, there are only two people in the whole world—you and HIM! You turn to gaze into his STAR-ry eyes once more and his handsome face comes closer to yours. "I love you!" he whispers in that last, electric second before your lips meet... In your first REAL KISS!

Seven SuperSTARS revealed their secret dream kiss for the first time ever in a re-

cent STAR Mag top-secret rap session! This STAR-crossed flight of romantic fancy was little short of a miracle! Since Donny was in Florida for a concert with the rest of the Osmond clan, Bobby in London for a special recording conference and the other five SuperSTARS scattered throughout the Los Angeles area, they had to be brought together by STARMag Magic—a special telephone conference hookup!

Seven Sexiest Kissers!

DAVID: "It's a quiet evening, just the two of us at my new house—away from the rest of the world. After a leisurely dinner, we'll cuddle together on the couch and watch—but not REALLY watch TV—our hearts pounding the whole time! Finally, I'll turn your head around to face me, my fingers running through your soft hair while your eyes sparkle up at mine. The moment will be so full of meaning, we won't even need to speak. With a sigh, we'll hold each other tight and then it will happen—that special kiss that only WE really understand... there in my living room on that quiet night."

STAR: "David, that's a very beautiful dream—I hope it comes true! Let's hear from Jermaine!"

JERMAINE: "My special kiss will happen on a quiet, private night, too! It will take place at a secret spot I've found high in the Hollywood Hills."

"The car radio will be playing, but softly. We'll rap for a while about the things we did that night, the people we saw. There will come the moment, though, when the talking will stop. Softly, gently, I'll take you in my arms and we'll nestle cozily against the soft leather seatcovers for that secret kiss, that will make you mine!"

STAR: "Jermaine, you're such a romanticist! How does little brother Michael feel about the perfect kiss?"

MICHAEL JACKSON: "I'm only twelve, but I know about love and I dream a lot about it. I don't think anyone's ever too young to know what love is. I'll invite you over to our new home in Encino for a picnic lunch by the pool and a portrait sitting, a portrait of you! Yes, you heard me right! My favorite hobby is sketching and for the longest time, I've wanted to sketch YOU. Filled with love, I'll walk over to you and touch your unbelievably soft cheek."
