

'You're so special to me,' I'll whisper. 'There is no one like you in the whole world!' Softly, you'll whisper my name, your warm breath caressing my lips. Slowly our lips will meet and I'll feel the warmth of your soul's sunshine in that kiss."

STAR: "A portrait of your love—what a wonderful image! How about happy-go-lucky Butch—what are your dreams of the perfect kiss?"

BUTCH: "We'll be at a rock concert: two people in the middle of thousands of screaming fans! We'll be grooving with each other. In the midst of the music, the noise, the excitement, I'll lean over to you and you'll know immediately what I'm thinking—won't you? That moment

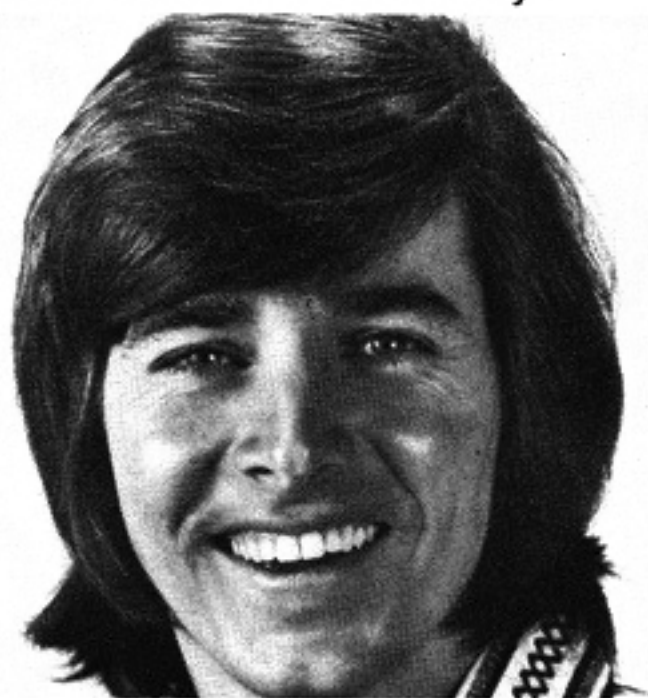

will be ours alone even though we're surrounded by thousands of strangers! We'll gently touch each other's lips a little shyly, but oh-so-happily! My perfect kiss will be spontaneous and filled with happiness!"

STAR: "Butch, your outdoor boy look hides the fact that you have a warm and very gentle heart! What are Bobby's thoughts on a perfect kiss? How are you hearing us way over there in London-town?"

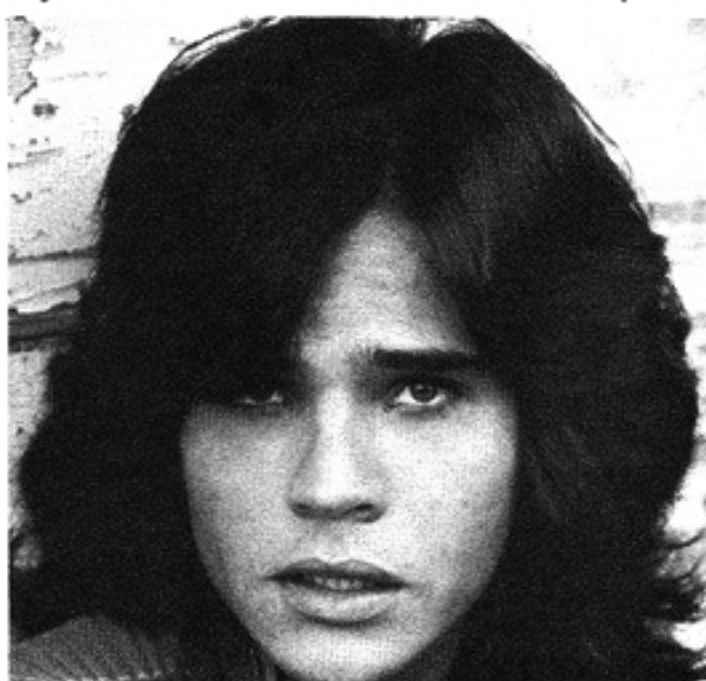

BOBBY: "You're all coming in loud and very clear! My perfect kiss? We'll record a love song together in my own private home recording studio. I'll gently take your earphones off and kiss your warm pink cheek. Then I'll kiss your fingertips as they play lightly

over my smiling face. Then, lost in our warm embrace, no longer seeing the electronic equipment all around us or hearing the song still playing, we'll kiss so tenderly."

STAR: "Bobby, I'm not surprised that your perfect kiss is musically inspired, since music is such an important part of your life! Michael Gray—tell us your thoughts on the perfect kiss!"

MICHAEL GRAY: "Who knows WHERE my perfect love and I will meet? Maybe you will walk up to me on the street someday with a group of girlfriends to say hello. I'll be glad to see everyone, but when our eyes meet, I'll know that you're very special. I'll want to show you how I feel and, suddenly, not seeing anyone else, I'll take your hand and ask your name. You'll tell me softly, without taking your eyes from mine. I'll repeat

your name, carving it into my memory—then bend down and kiss you lightly, but lovingly. In that brief moment, I'll become a fan of yours and this kiss will be very special because it will be our FIRST."

STAR: "Michael, I knew you weren't the shy type! What does our last SuperSTAR, Donny, have to say about the perfect kiss?"

DONNY: "When I find my ideal girl and kiss her, it will be MY first kiss ever! I often catch myself dreaming about where and how it will happen, and who with! My favorite dream about YOU happens at the beach, wind blowing your hair as we playfully build a sand castle at the water's edge.

As we sit by the finished sand castle, I'll hold your hand in mine, wanting so much to kiss you, but unable to conquer my shyness. Somehow, you'll understand and help me. 'Donny...' you'll say quietly and I'll look into your eyes and see the love there. Then my shyness will dissolve in a wave of tenderness and love as my lips meet yours, for our first kiss of eternal True Love. It will be such an important moment to me. That's why I keep dreaming that YOU'LL be the one."

STAR: "Donny, we just know that perfect kiss will be as memorable as you hope and dream it will be! And David, Mike, Bobby, Michael Jackson, Jermaine, and Butch thank you all for revealing your secret kiss desire for STAR Mag Readers!"★
