# David's BEAUTY!★

The beauty of a date with David is the loving care he puts into every detail of your magic night together. He'll greet you at your door with a grin, take your hand, and tell you how much it means to him to be with you. He'll look very special because he dressed to please you.

David thinks that friendship is a beautiful thing. Henry Diltz, STAR Magazine's Director of Photography, values his friendship with David above all others because, "David treats a friend like a delicate flower. He would never do or say anything to hurt anyone's feelings, and he is always thinking of little things to do for others. He loves to surprise his friends with little gifts."

When you visit David's home, you will experience beautiful hospitality. David will look forward to your arrival, and will eagerly watch for you. He'll come running out to greet you, and taking your hand, lead you inside. Then you will feel right at home, because David will make you feel that his home is yours too. This warm feeling will last long after you've left.
