

I'm a firm believer in a person living his own life—the ups and the downs, the happy moments and the sad ones. David, I'm happy to say, is exactly this type of person. He's a very independent guy who knows what his goals are in life and who knows how to achieve them.

Because he has a mind of his own, he also has in mind the type of girl he someday hopes to meet and eventually marry!

Although he and I haven't discussed it down to the last detail, he has told me some of the characteristics he'd like to find in her!

NEEDS PROTECTION

With the girls David has dated, I haven't found any similarities in the way the girls look. At first, when he began dating, most of the girls were brunettes, but I think this was probably just a coincidence!

The only similarity I did notice was that each one of them was bright and a good person to talk with. David loves finding a girl with whom he can get into some heavy rapping sessions.

I've also found that David likes being with girls who aren't too loud or strong. Not that they have to be weaklings! I guess every guy likes to be with a girl who is sweet, feminine and who can make him feel that she needs his protection and help.

But she shouldn't go too overboard on this. David likes everyone to have a degree of independence and common sense.

I guess what's most important to him isn't really the looks. The most important quality would have to be honesty. David is more concerned with the package rather than the wrapping. If the wrapping is pretty but the contents are dull, well, I don't think David would be satisfied with that.

BETWEEN THEM

When David does meet that special girl, you can bet that the entire wedding will be something very meaningful and private for each of them.

The wedding ceremony itself would probably be left up to the girl—if she wanted a formal church wedding or a simple ceremony with a Justice of the Peace presiding.

But, knowing David, he will more than likely want something tied in with the beauty of Nature or else, a ceremony where the bride and groom exchange vows they've chosen themselves.

The honeymoon would be in either one of two places, I think. This, of course, depends on how much time David has from his schedule but I think the choices would be between Hawaii or the Vancouver area in Canada.

David simply went wild over the country in both places. Each one is totally different from the other but each one is still perfect examples of Nature's beauty.

There is one thing I forgot to mention concerning the wedding
