CALL A DOCTOR!

Why is it that television has such beautiful doctors? If I had a doctor like Chad Everett (alias Dr. Gannon), I wouldn't mind being sick all the time!

Dear Ann,

The "Brady Bunch" has been on television for quite some time, and I can't remember missing one single show! If I have plans when Friday night rolls around, I take care of them either before or after the "Brady's" are on. Now that's what I call loyalty! P.S. Give my love to Barry!

GIRL FAVES RULE!

I'm one of your TIGER BEAT readers, and I happen to be a boy! The reason I'm so interested in your magazine is simply because there are so many pretty girl faves, and TB runs the best pictures! I'm especially wild about the Partridge girls—Susan, Suzanne and Shirley. I'm sure they'll be around for a long time!

CHANGES WITH TIME

At one time the Monkees were really the kings, Davy, Micky, Peter and Mike all doing their thing. Then a guy named Bobby came on with a bang, And the Monkees were sliding 'cause boy, how he sang! Then no sooner did Bobby reach the top of the list When Len Whiting ruled fans with an iron fist. Then that same year on television on "Marcus Welby" A new fave came along named David Cassidy!

Dear Ann,

I want to thank your magazine for sending me all the things I ordered from your ads. You see, I live in Japan and thought it would be impossible for your company to send me all the items I desperately wanted. But you came through and I was so happy! Now I believe TIGER BEAT is the grooviest mag in the whole wide world!

LIFETIME FAVES

I have exactly 3,100 pictures of David Cassidy, 578 of Susan Dey, 393 of Shirley Jones, 428 of Danny Bonaduce, 278 of Suzanne Crough, 118 of Dave Madden, and I keep adding more of the new Partridge, Brian Forster! As far as I'm concerned, the Partridge Family will always be my favorite!

A NICER PLACE

I'm in the 8th grade and I was wondering what it would be like to have the Osmond brothers as school teachers. I'd have Donny for math, Jay for science, Merrill for English, Wayne for spelling and Alan for history. I'd have all of them for music! Boy, with teachers like that school sure would be a nicer place!

AUSTRALIANS SPEAK OUT

I just bought your latest TIGER BEAT and think it's really great. As I was reading through Tiger Talk I came across Diane Wise's letter and I agree with her. I live in Australia, and although Victoria, the state where I live, has some good talent, they do not match up to the Americans. I hope all Americans are happy about having such wonderful faves like Bobby, David, the Osmonds and Michael Gray. They are really great!

BEAUTIFUL PEOPLE

I'm writing to say how wonderful the Osmonds are. I met them recently and the excitement still hasn't left! I'm from Oklahoma, but went to Roanoke, Virginia just to see their concert. I was surprised when I checked into the hotel to see that they were staying at the same one! I later met some friends named Tina and Joni and we all went to the concert together. We met the Osmonds and they were real nice. When it was time to leave, I found the Osmonds were leaving from the same airport the day I was! When I was there I called home and while I was talking, Donny walked by. I asked if he could talk to my sister (Susan) for a minute, and he did! He made her the happiest girl in the world! The entire family is so nice, I hope everybody has the chance to meet them.

Sincerely,

Dear Ann,

I wish that David Cassidy would make a record in which he talks to his fans rather than sing. I'm sure everyone would enjoy something like this from David, so please try to have him do it!

Dear Fans,

David has already made a special recording in which he talks about his life, fans and appreciation to YOU! It's available exclusively through his fan club, and it's definitely a collector's item! See page 18 if you're interested!

SOME EXPLOSION!

This morning on my way home from dancing lessons I heard David Cassidy singing "Cherish" on the radio. WOW! I liked the song before and thought it was beautiful, but now since I heard him sing it I haven't stopped trembling yet! Tell David he makes firecrackers and cannons go off inside me when I hear him sing!

J-5 LOVE

I'm an ardent fan of the Jackson Five, and will love them till the day I die! But most of all I'm wild about Jermaine. He really knows where it's at! His eyes sparkle with love and I just want to reach out and take his hand! He'll always be my fave, and I'll always be his fan!
