

DAVID'S FIRST

David Cassidy

has just recorded a very special album for you! It's his first album release as a solo artist and since he wanted YOU to be the very first to sing along with him, here are all the lyrics including the beautiful song David wrote for his beloved late dog Ricky, (also known as Sam.)

I JUST WANNA MAKE YOU HAPPY RICKY'S TUNE

We were so close together
If you had known me better
You might have told me not to
I might have never got to
Know you—Show you.

I don't wanna own you
I just wanna make you
Happy
Only wanna make you
Happy
All I wanna do is
See you smile

And I know I can do it
If you'd like me too
And I know I will say it
If you let it be.

I will tell you
I will only make things better
We can love and all I wanna
Do is see you smile

And I know I'll make you happy
We could be so happy
I know

You are my morning sunshine
You keep my heart from sleepin'
Give me tonight tomorrow
Everything is for keeping
So close and oh so you and
I were lovin' we were born
To be together and we're gonna
Stay forever, all we need
Is what we have right now

You were so understanding
But I was so demanding
And by the way, you touched me
I came to know how much we
Could love, should love.

Now we've got such a good love
I just wanna make you happy
All I wanna be is happy
All I wanna do is see you smile
And I know I can do it
If you'd like me to.

Are you sleeping my baby
Just close your eyes and let me
Run a-way, Don't ya cry

I am leaving sweet baby
I've been in love with one who's
Far a-way, I can't live a lie

DAVID LOVED this picture on the cover of FaVE magazine so much he decided to put it on his first album cover, too!

I've got something inside me
You know I can't hide
And each day since I left her
She's been on my mind.

So take care of yourself and my Ricky
And my Ricky besides,
He's the best friend I had
I guess this is goodbye.

Are you weeping my baby
I let ya down
But I just cannot stay

Now I'm leaving sweet baby
I got my ticket it won't pass me by
I can't live a lie,

I've got something inside me
You know I can't hide
And each day since I left her
She's been on my mind

And repeat to end

I AM A CLOWN

See the Funny little clown
See the puppet on a string
Wind him up and he will sing
Give him candy he will dance
But be certain not to feel
If that funny face is real.

Step right up and see him folks
Couldn't you die at all his jokes,
Couldn't you cry at all the tricks
He'll come up with in a fix
But be certain not to stray
He will steal your heart away

I am a clown, I am a clown
You'll always see me smile
You'll never see me frown
Sometimes my scenes are good
Sometimes they're bad
Not funny, ha ha, funny—sad.

I am a clown, look at the clown
Always a laughing face
When ever you're around
Always the same routine
I never change, not funny, ho ho,
funny strange.
Funny strange.

Sometimes I think the world
Is a circus town
Sometimes I feel I belong
In a side show
The man on the flying trapeze
Ain't never coming down
He knows what I know
If you look in side
If I didn't hide
You might decide
You don't want me.

I am a clown
That's why I'm a clown
Just like the fool on the hill
Beggin' to come down
I want to live again
Oh I want to feel
Tell me you love me
Make me real
Tell me you love me
Make me real
Tell me you love me
Make me real.
