

David Cassidy and Donny Osmond—two beautiful, gentle and loving stars who've shared their hearts with YOU. They're both dreams come true, but who is the REAL Superstar?

He makes you smile. He makes you feel all happy inside and free too! Like the wind. He makes you want to run through a golden meadow with the breeze catching your hair and the slender blades of grass tickling your bare feet.

He makes you cry, too, when he sings your special song! Even if it's a happy tune and the words make your heart laugh inside you find tears on your cheek. You cry because sometimes it's the only way happiness can be expressed.

He fills your days. You read everything you can about him and the walls in your room are filled with his picture from floor to ceiling. You find his name creeping into your thoughts and if you close your eyes for a moment you can see him before you.

Your nights belong to him also. You never miss watching him when he's on television and you're always listening and waiting for the day when he'll do a concert in your town. In the evening, when you do your homework, it's to one of his record albums.

And when you close your eyes to sleep till dawn, he's the last thing on your mind. But he's in your dreams too, with you! A dream is a wish your heart makes and so you find each other in your dreams.

Who is he? He's a Superstar. A very special sort of star that comes along every now and then to bring you everything you've dreamed of—love, understanding, gentleness and beauty.

David Cassidy is a Superstar. You who adore him have found a real and meaningful love through him. He has made life, for you, more beautiful than a million golden sunbeams dancing magically across the earth.

Donny Osmond is a superstar. He has given the warmth and tenderness of his whole being to a special person—you. And by doing this he has made each day a beautiful song.

A superstar isn't judged by how much money he makes or whether he has a television series or sings to a sold-out auditorium of fans at each concert.

He isn't judged by how many fan letters he gets each week or how many number one albums and singles he puts out. The number of autographs he's signed isn't what makes him so fantastic.

A superstar is made with only one thing, the most important thing in all the world. LOVE. The love that pours from you to him and from him to you.

Your Superstar is the one who owns your heart! He's the one who can bring you to tears or to laughter and who makes you feel so very special because he thinks you are. He is the true Superstar. Whether his name for you is Donny or David, is up to you. But remember—the truth lies in your heart!
