

DAVID'S OPEN HOUSE

by Al Rhodes

We all know that dreams can come true and if your dream is to meet David, keep on believing! But, till that day, you can find out all the inside personal things you want to know right here, every month as David's close friend, Al Rhodes, answers your "very" intimate questions!

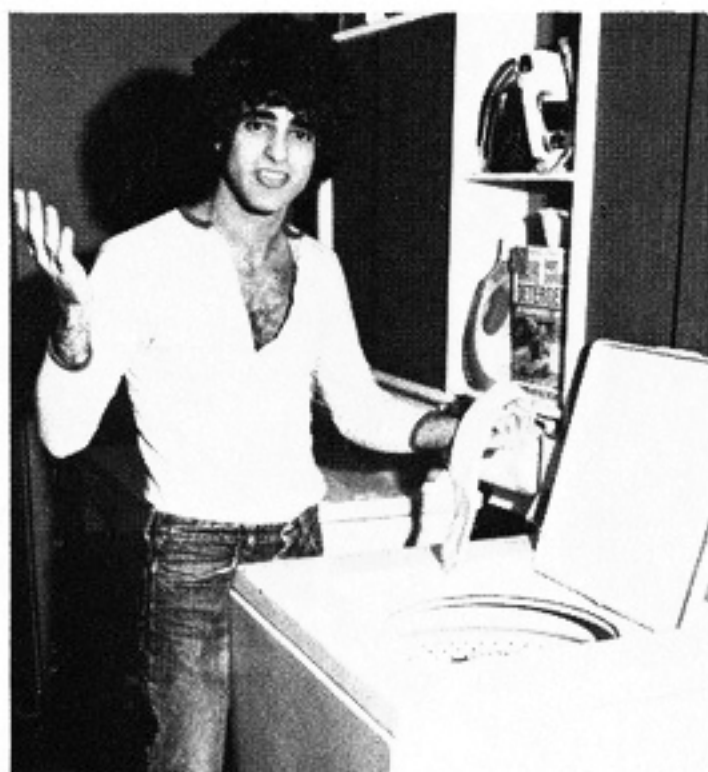

Dear Al,

Does David take his laundry out to be cleaned or does he do it himself at a laundromat?

Carla Derrington
Boston, Mass.

Dear Carla,

Until he moved to the house he lives in now in Encino, David took his laundry to a laundromat himself when he had time, and when he didn't he had it cleaned out. But, his new house has a washing machine and dryer all it's own so the problem is solved. Now it's a simple thing and either he or Sam or sometimes even me, winds up doing it!

Dear Al,

I've never seen David wearing any kind of shoes except boots—does he wear any others? Thanks!

Sherry Baker
Dayton, Ohio

Dear Sherry,

David wears boots almost all the time except when he's wearing tennis shoes or clogs. Thank YOU!

Dear Al,

How many belts does David own? Does he have a favorite he wears more than the others?

Clara Winters
Detroit, Michigan

Dear Clara,

David has 3 belts and 4 macro-made sashes. He likes his brown belt best of all. Thanks for reading "Partridge Magazine!"

Dear Al,

What size bed does David sleep on? Also, where can I get a copy of David's concert photo album?

Tami Yuri
Honolulu, Hawaii

Dear Tami,

David sleeps on a king-size bed.

You can get a copy of his groovy concert photo album right now by turning to page 24! I know you're going to love it!

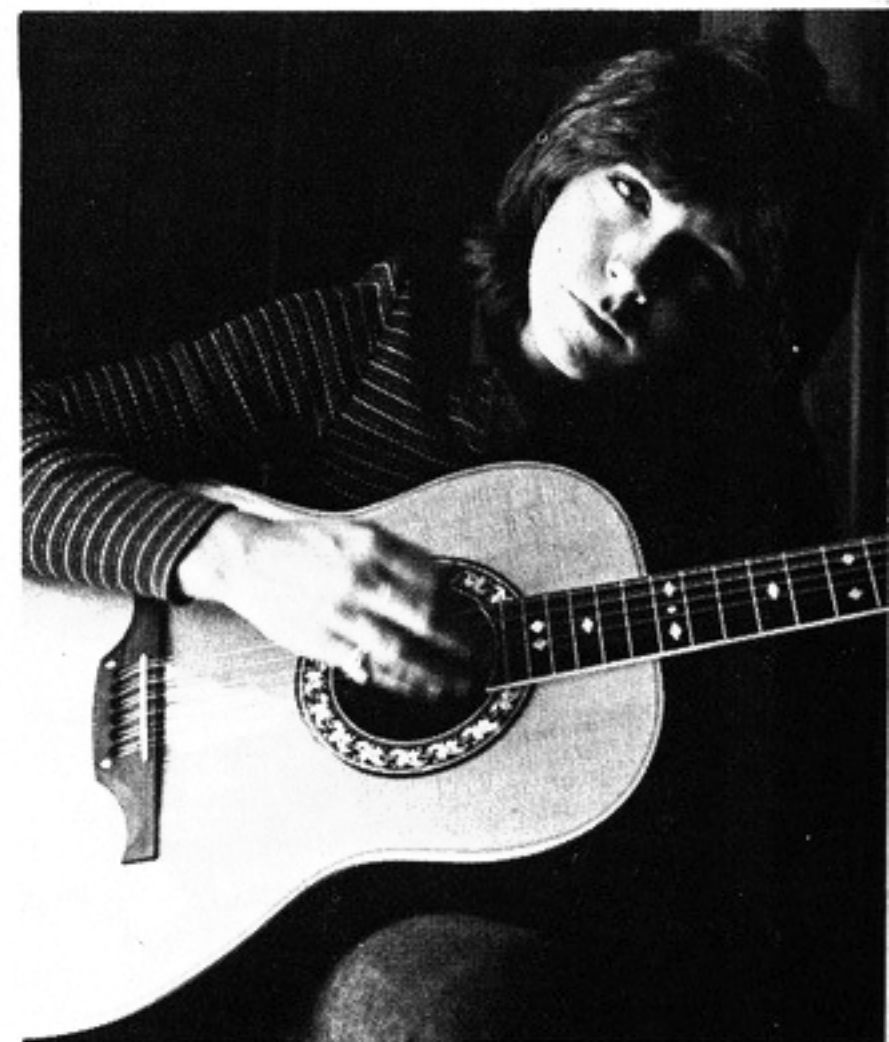

Dear Al,

How many guitars does David have? Also I really think this column's cool. No other magazine has anything like it!

Donna Moses
Los Angeles, Calif.

Dear Donna,

I agree with you about this column and you're right—it's exclusive to Partridge Magazine—the only official Partridge book in town! David has 6 guitars—2 electric, one 12-string acoustic, and three 6-string acoustic! Thanks for writing in and I hope to hear from you again soon!

Dear Al,

I've noticed that David wears a chain with a medallion on it around his neck. Does he sleep with it on at night?

Bessy Bigger
Atlanta, Ga.

Dear Bessy,

David never sleeps with any jewelry on, except for his ring. He takes it off and puts it on the dresser where he'll remember it in the morning!

Dear Al,

How many hours a day does David spend on his music?

Debra Blair
Ontario, Can.
