

Danny also became the proud owner of a water bed, a new dressing room, and a brand new horse this season.

"I have to admit, I like the horse best of all. He's beautiful! His name is Chief, he's an Appaloosa... and a show horse!"

*Dave Madden,
Cub Reporter*

Dave said that the biggest honor bestowed upon him this season was the chance to write his own articles for fan magazines. Which magazine did Dave write for?

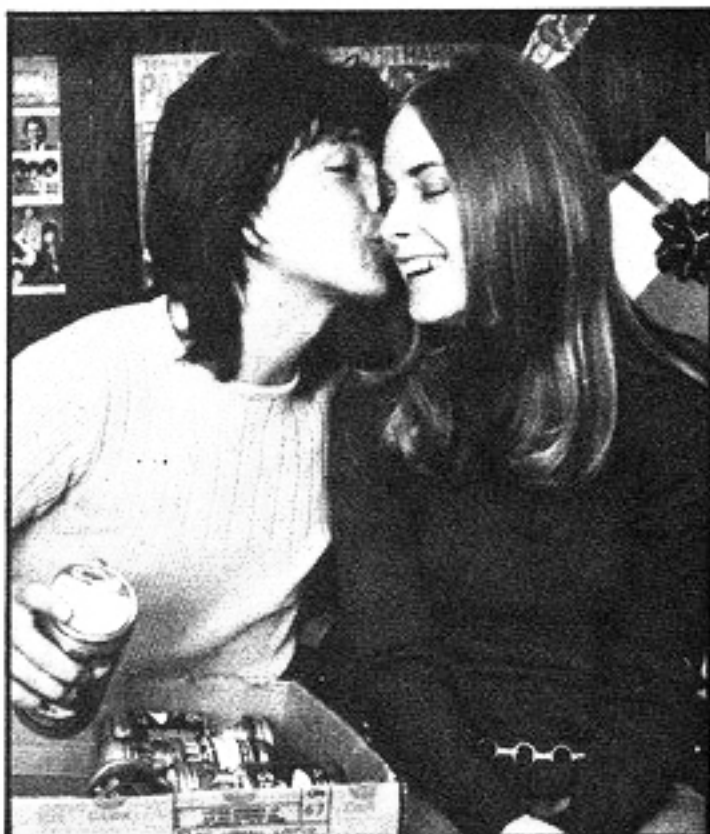

"I was really thrilled to get a chance to write for The Partridge Family Magazine! I never liked reading things that reporters have said I said, so when Sharon Lee started the New Partridge Magazine, I jumped at the chance when she asked me if I'd like to write up my own material!"

Dave looked thoughtful for a minute, and added, "Oh, I just remembered something else that happened this season. My camera equipment was stolen, and I bought all new, cameras, lens, tripods, you name it, I bought it! I'll have to admit... I'm like a kid with a toy!"

Shirley in New York

"This whole season was exciting!" said Shirley Jones. "However, the one special time this past season was not on the set, but in New York! Betty Candu (my friend and stand-in) and I went to New York during a break in shooting. We must have gone to every store, shop and boutique in the city! I bought some really beautiful clothes... no other city in the world has clothes like New York!"

Shirley also mentioned that she saw some old friends that she hadn't seen since high school!

Favorite Shows

All actors, especially those in a series, have pet shows. I asked each of the Partridges which he or she enjoyed the most!

Shirley: My favorite show was definitely the one about Shirley and the college student. I wore hot pants in the show, and I really had a good time!
