GREAT DAY IN THE MORNING! What have we got here? Take a look at youthful **BOBBY SHERMAN** as he appears on the "Thunder Makers" episode of *Mod Squad*. Looks like this handsome hunk of virility is getting carried away with his "new look"—he's even wearing a "hard hat!" Wow!!... Looks like **BOBBY SHERMAN's** not the **only** one who's sporting a new hirsute (as in hairy) look these days—just have a gander at cuddly **CORY WELLS** of 3DN fame who's recently adorned his charmin' self with none other than a bristly, blond beard! **CORY** 'specially grew it for an upcoming segment of ABC's *American Sportsman*. So keep a close watch on your TV guide for these hairy favs... Have ya heard the yummy-as-fresh-fruit sound of **Go All The Way**, the latest Capitol smash single by the red-hot new rock group, **RASPBERRIES?**

Midst the ecstatic second-row-center faces at NYC's recent Madison Sq. Garden J5 concert, stood none other than top pop-rock columnist **LILLIAN ROXON**—getting it on for **MICHAEL, JERMAINE, MARLON, JACKIE, TITO** and **RANDY!** Needless to say, **LILLIAN**—a super J5-lover who's interviewed the boys often—left the concert with a whole gang of new pals!!... Speaking of live concerts, you

can be a part of history-in-the-making by checking out when 'n where British top-rocker **MARC BOLAN** is appearing near you! **MARC** and **T. REX** are right smack in the middle of their fabulous 25-cities-in-six-weeks concert tour all across America. So don't miss out when **MARC** comes your way! And to be **sure** you're ready for **MARC**, skip on down to your local disc dealer and demand a copy of **MARC & T. REX's** Reprise LP *The Slider*. This luscious album is just brimming over with **MARC's** self-penned super lyrics and music.

DAVID CASSIDY's first Bell solo LP *Cherish* has been certified a gold album. Looks like this kid likes to do it all by himself... And speaking of gold records, that chart-buster, hit-maker, all-time-gold-record-collector, number one individual singer **DONNY OSMOND** is about to do something dramatically and excitingly different! Keep your eyes peeled to **16** for news about **DONNY's** mysterious project... Who's that groovy, cuddly group? Why it's none other than Canada's **WACKERS!** This far-out fivesome has a cutesie-pie Elektra single called *I Hardly Know Her Name*. It's a **don't miss!**

Also, don't miss bubbly **BUTCH PATRICK's** debut disc. Yep, this curly-haired charmer

has branched out into the music field. Give a listen to **Metromedia's I.O.J.O.**, cos it's **BUTCH** at his tuneful best... Another terrific tune-crooner about to take America's teens by storm is Australian import, rockin' **RICK SPRINGFIELD**. His very first American single *Speak To The Sky* is super groovy—to sing along with it turn to page 58. Here's a romantic **RICK-pic** for you. **RICK** recently dropped by **16's** New York offices at the beginning of his three-week radio promotional tour across the country. So, **16-ers**, keep a close listen to your fav top 40 station, cos you just might be hearin' that adorable Aussie accent of **RICK's** comin' over the air waves!
