

“I’VE GOT
A GIRL IN
EVERY TOWN...
AND NO ONE
TO LOVE!”

his career as an entertainer is an asset—but he can’t help wishing he had a little more time to himself. How would you feel if you were kept so busy that you never had time to date? Well, you can imagine David’s position; he wants to have friends just as much as *you* do!

Sometimes David does have free time on his hands—when “The Partridge Family” is on hiatus, for instance. Then he can concentrate on his music and enjoying himself a little. So what happens? If David should date one particular girl more than a few times, vicious gossip columnists make up terrible rumors about them. “There’s safety in numbers,” smiles David with an adorable wink, “which means that if I date *several* girls at once, we’re less likely to be gossiped about than if I date just *one* girl.” This is common in Hollywood circles. If an eligible bachelor is seen with one girl just a few times, the rumors spread like wildfire: “Are they serious?” “Will they get married?” No doubt you read that while Bobby Sherman was filming “The Mod Squad” segment, al-

most everyone was convinced that he was head-over-heels in love with blonde co-star, Peggy Lipton. These things just have a way of starting and David has enough problems without worrying that some girl’s life will be ruined because of vicious rumors spread about them by an evil-minded columnist.

David has already had the unhappiness of seeing his own mother and father divorce when he was only 5. Even though he’s 22 now, he realizes that this is not the right time for him to get serious with any one girl. When he does want to date only one girl—the girl that he wants to make his wife—he wants to make sure that he’s given this decision a lot of thought. He doesn’t believe that a step as important as marriage is one to be taken lightly.

Actually, as strange as it may seem to say “One girl isn’t enough!” it really isn’t so strange once you think about it. David’s reasons are really very intelligent and mature. And think of it this way—as long as David is still a bachelor, *you’ve* still got a chance to date him!
