

HAPPY COUPLE—they're engaged!

EDWARD ALBERT with Goldie!

PAT'S private harem—all lovely!

won a platinum record! That's the award you get from the record producers for passing the two-million copies-sold mark. And not only that, **DAVID's** single of *Cherish* just passed the million-sales mark! It sure looks like a lot of you saved up your allowances to let **DAVID** know how much you love him!... Ran into **BOBBY SHERMAN** while he was filming a *Mod Squad* episode with **MICHAEL COLE**, **PEGGY LIPTON**, and **CLARENCE WILLIAMS III**. **BOBBY** was sporting the "new look" he's adopted recently—mustache and short hair! "I never did like my hair as long as I used to wear it," **BOBBY** revealed. "But I did it because four years ago the kids seemed to like it then! I cut it off awhile back but had to let it grow back for this part." What about **BOBBY's** new mustache? This is what **BOBBY** said: "I just grew the mustache for kicks and my friends said they liked it! I was hoping the kids would like it and I asked them at a concert. Fortunately, they liked it very much. It has been four years since everything broke loose and I think that my fans are getting older, as I am. And I'm grateful to them and I don't want to do anything they don't like. But I'm really happy they like the way I look now!" What do **YOU** think? Would you like some of your other faves to adopt "new looks?" Let them know if you do! I know they'll listen... If you're

wondering what **SONNY** bought **CHER** for her birthday, I'll let you know. It was two statues of fawns (young deer). As **CHER** explained to me, "It's the perfect gift! Since we moved into our new house, I've been trying to think what we should put on our front lawn. It's so big and it looked so empty. Now I'll put **SONNY's** gifts out there and it'll look perfect!" **CHER** was really overjoyed as she happily chomped away on her birthday dinner of spaghetti. **SONNY** threw her party at Hollywood's *Villa Capri* restaurant and I think half of Hollywood showed up to wish **MRS. BONO** well!... Looks like **MITCH VOGEL** is going to have lots of new company on *Bonanza* this season! **DAVID CANARY** is coming back—remember, he played "Candy" a couple of seasons back? And now **TIM MATHESON** will join the cast as "Griff King," a young man found by Ben Cartwright (**LORNE GREENE**) in a Nevada prison. When you tune in, I'm sure **TIM's** face will look quite familiar to you! **TIM** has guested on *Room 222* and *Owen Marshall*. He's also starred in two movies-for-television called *Lock, Stock, and Barrel* and *Hitched!* I know **MITCH** is glad to have **TIM** join him on the series. Maybe **MITCH** will give **TIM** a ride in the Porsche sportscar he's busily restoring right now! **MITCH** has got his first driver's license and tells me he's

raring to go!!... Ask **DAVID CASIDY** who he considers "the ideal girl" and just listen to his answer! "I've got an idea of what my ideal girl should have as qualities," **DAVID** says. "A sense of humor is important and she's got to be totally honest! I'd like her to have positive ideas about life. About herself, about me, about our future together. Basically she must be a happy person. That way I'll know she'll make me happy. I don't want a girl who's going to make me feel like an emotional yo-yo. Sometimes up in the air, sometimes down in depression. I wouldn't mind if the girl I marry is white, black, brown, or yellow—provided we're in love with each other. It hasn't happened to me yet. I've never been in love! But I know the way I'd like it to be. The girl I'm looking for must be real. She can be blonde or brunette, thin or fat. She doesn't have to be famous or clever—she just has to care for me, that's all." Sounds to me that thousands of **YOU** are qualified! Keep writing and maybe **DAVID** will find **YOU!**... **PEGGY LIPTON** may be a big star on *Mod Squad* but I can tell you she hasn't let success go to her head! When I visited her on the *Mod Squad* set, she told me that she turned down **BARBRA STREISAND's** big, elegant dressing room. Why? "I wanted something more simple," **PEGGY** said. "I loved the room **BARBRA** used while she
