their need for some quiet moments. The OSMONDS never turn fans away, even those who have found their address and disturb them in the night. So, it's up to you. If you really love them, show it by understanding. It's one thing to ask for autographs or stop to talk during the morning or afternoon, but when night falls, they too, need sleep, peace and quiet. Thanks!

Television is really going to be super this fall and mostly because, so far, there's lots of chances to see all your favorites!

First of all, there may be more Pop shows, and if you saw the one with MICHAEL GRAY, DAVY JONES and the OSMONDS, you know how great that's going to be!

BOBBY SHERMAN fans like you and me will want to catch BOBBY on two super shows this fall. The first will be Mod Squad and the second the Sonny and Cher Show! When BOBBY called to tell me the news I was so excited! I love the Sonny and Cher Show and I can hardly wait to see BOBBY doing some of the comedy skits and of course, singing! Check your television guide when the fall season starts so you won't miss BOBBY! He's too super!

Again, don't forget, DONNY will be making his debut as a solo actor on Here's Lucy so catch that one, and MICHAEL GRAY is all set for an episode on a great new show The Little People!

The show's filmed in Hawaii and MICHAEL had to be there on short notice! But, there was plane trouble and he almost didn't get there in time! Thank heavens he did and that means you can see him proving what a great actor he is this fall!

Is RICK SPRINGFIELD ever a doll! He's got gorgeous shaggy brown hair and the dreamiest eyes I've seen in a long time! His super new album release, Beginnings, is one of the most beautiful sounds to come out a recording studio in a while!

DAVID really has a soft and romantic voice but that must be because he's such a gentle and loveable person himself! I hope you're not one of the disappointed DAVID fans who've had one of his concerts cancelled in your town! DAVID's schedule is getting to be just as heavy as it was last year and he's decided for his health's sake not to get over exhausted like he did last year!

Mod Squad's MICHAEL COLE is organizing some of the Squad stuntmen to take kids from the Foundation of the Junior Blind motorcycling in the desert to give them a feel of what it's like!

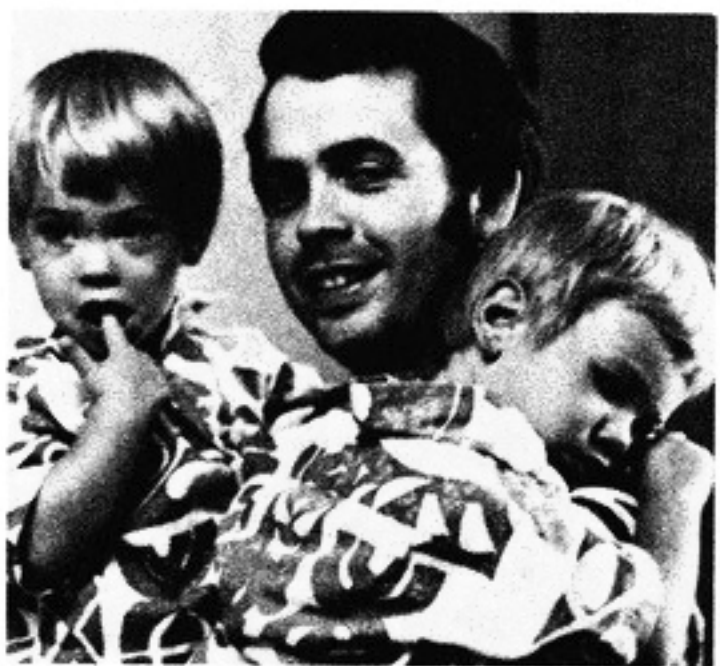

SEASON HUBLEY, who starred with MICHAEL GRAY in the pilot

The Osmonds are really, really terrific, but I suppose you already know that! They were just presented a charity award from the United Cerebral Palsy Association for their cooperation and help, and for their unselfish and devoted services which have kindled new hope for cerebral palsied children.

In addition, the OSMOND family has formed The Osmond Foundation to develop educational programs for deaf and sightless youngsters. GEORGE OSMOND, the boys' Father, will serve as president of the Foundation, headquarters in Provo, Utah.

And, speaking of the OSMONDS, DONNY has been voted top teen recording artist in the 17th Annual Oscarett Awards honors voted by the membership of the Los Angeles Junior Philharmonic Orchestra. Others receiving Oscarett awards were CARROLL O'CONNOR (Archie Bunker of All in the Family) and SANDY DUNCAN!

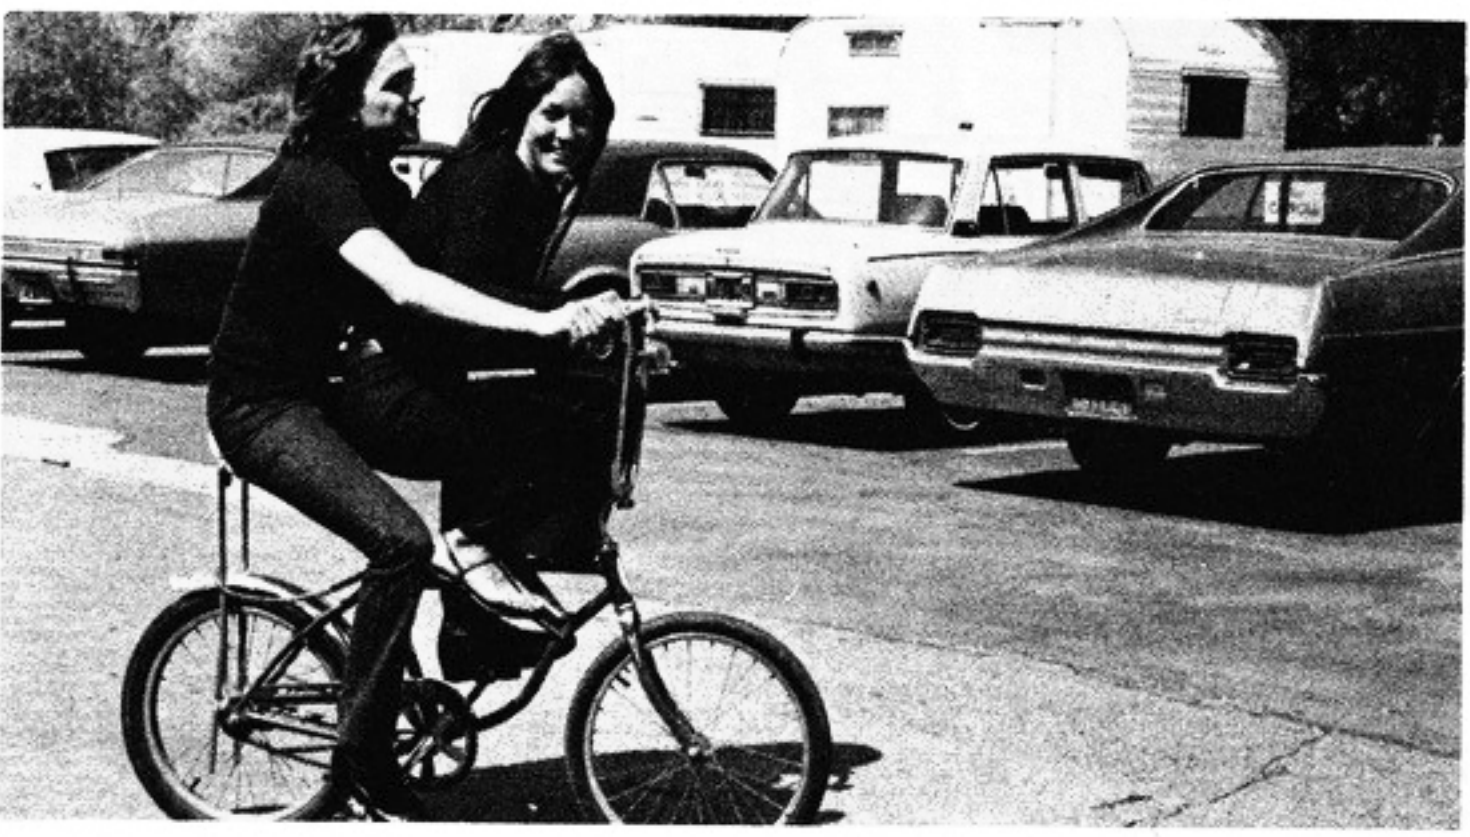

But, we're not finished with the OSMONDS yet! A new DONNY album

VIRL OSMOND's twin sons, Jared and Aaron are adorable! Don't you think?

It was a fabulous sell-out tour all the way and the OSMONDS loved every minute of it, except of course for the fire they had in their hotel room which destroyed their wardrobe trunks! Luckily nobody was in the room at the time so no one was injured!

Now the OSMONDS are into rehearsals for their headlining opening at Caesar's Palace in Las Vegas this

DAVID'S ALWAYS GOT SOMETHING up his sleeve and last time I visited him at the Columbia Ranch it was a ride for two on a bicycle built-for-one!

has been released! It's called Too Young, and marks DONNY's second LP release this year! This one's bound to be a sure-fire million seller, just like his others, Portrait, and The Donny Osmond Album!

The OSMONDS just got back from a super whirl wind tour that took them straight through July and August to their September concert in Anaheim, California!

October! Sometimes I wonder when they find the time to sleep!

I'd like to add one more word about the OSMONDS and it concerns a handful of their Los Angeles fans. The OSMONDS are just like you and me. They need some privacy, they need time to be alone and time to sleep. So please, don't bother them at all hours of the night! They love you very much and if you love them in return, respect
