"A jeep—so I could drive in the backcountry of Utah—or California—or even cross-country so I could get to see America close up!"

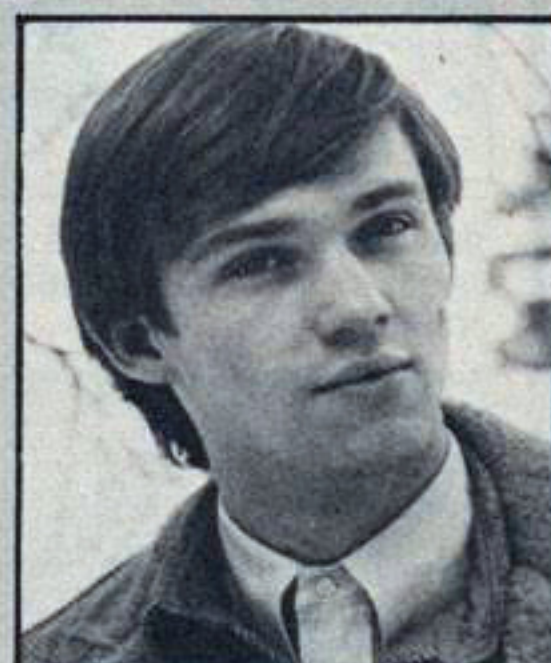

◀ DAVID CASSIDY

"A ranch somewhere in Kentucky where I could breed racehorses and take in all kinds of animals who were looking for a safe, happy place to live!"

RICHARD THOMAS ▶

"Good-will for all men. That would mean so much more than just presents. Those should be second to good tidings among people."

MICHAEL JACKSON

"Peace. No more wars or unhappiness or fighting. Just everybody singing and dancing together, digging on each other."

BENNY DeFRANCO

"To have a famous star like Steve McQueen get in touch with me and tell me I was just the guy he's looking for to work in his next flick with him!"
