If you've always had a special question you've always wanted to ask your favourite star. Well, here's your chance. Send it in to Sue, and I'll see what I can do.

To Bryan Ferry of Roxy Music:
Why do you sing with an American accent? Did you used to live in the States?
Gillian, Hull

Dear Gillian,
As I was growing up, at least 50 per cent of the things that influenced me were American things. The best films were American films, the best stars were American stars, because there were no English equivalents really — and the best music was American. That's why I sing in American voices on some of the numbers. . . at least I try to!
Love Bryan Ferry

Paul Burnett's my favourite DJ.
Can you tell me if he has a car or not?

Role Denning, Hull.
Hull is pretty dishy isn't he, Role. In fact, he has a pretty amazing car. It's a 1946 Triumph Roadster. As there are only two thousand of them made in the first place, it's really a collector's item!

Can you tell me how Marc Bolan gets that fantastic glitter sparkle on his face? I'd just love to try it.

Can Paul, Bridport.
A cinch, really Susan. All you need is a tube of Gloy Glitter and use for Christmas decorations. You can get it in any colour and it's only 5p from toyshops and boutiques. If you want to wear it in your hair,

spray your hair first then sprinkle the glitter on all over. For your face use a little grease first then press on the glitter with your finger. Easy, isn't it.

I'm absolutely mad over David Bowie, stark raving nutty in fact! Especially as he comes from near my home town. Please, please could you give me his fan club address? I must write to him.
Carol Penning, Bromley

The fan club address is: David Bowie c/o Hilda, 57 Northern Road, Aylesbury, Bucks. That's great coming from the same place as David. Anyway, we'll certainly be featuring David in future issues of MUSIC STAR.

I've heard that the Jackson 5 are uncles. Is this true?
Lindy Small, Bradford

Yep, Lindy, you're right. Their eldest sister is married and has a child. What super uncles to have!

Could you please tell me what sign of the Zodiac Marc Bolan is. I'm a Taurus and I wonder if the two match up.
Susie, Liverpool

You're in luck, Susie. Marc is a Libran and when a Libran meets a Taurean — pow! Librans are very artistic, which sounds just like Marc.

To Marc Bolan:
It must be wonderful to be a superstar, but how would you feel if you brought out a new record and it flopped?
Anne, Reading

Dear Anne,
Upset, of course! But after all those years of putting out singles and nobody buying them, I know what it feels like to have a flop. I don't have a number one fetish. If a record bombed out completely, there'd have to be a reason, and as long as I knew why, it would be O.K.

Love, Marc Bolan
