New York party with a much younger fella hanging on her every word. His name's **DAVID CROSSMAN** and I don't think it's serious 'cause in all the pictures I saw he was looking into the camera rather than at Jackie. **ARLENE DAHL** was at the same party. Arlene's up for the Planned Parenthood Award as she and hubby **SKIP SCHAUM** consulted astrologist **CARROLL RICHTER** right after they got married as to when would be the best time to have a baby. Carroll set the timetable and Skip and Arlene had the baby.

■ **VANESSA REDGRAVE** has been behaving more and more like the Queen Bee since starring as one in *Mary, Queen of Scots*. She informed the producers of her newest film that she wouldn't get to work till boyfriend **TIMOTHY DALTON** was signed as her co-star. The monymen had other ideas, though, and Vanessa was asked to favor them with her departure. Maybe somebody ought to tell her how Mary, Queen of all the Scots, ended up!?!

■ Maybe **BARBIE BENTON** can apply

for a job at **BERNIE CORNFIELD's** Greyhall now that she and magazine king **HUGH HEFNER** have split. The late **SHARON TATE's** sister, **DEBBIE**, is currently living there after retiring from the witch business which she says she was quite good at. She recently told a certain party that she'd forseen her sister's tragic death and so did her mom.

■ Seems all good things must come to an end . . . and that's what's happened to *Bonanza* after fourteen years on the tube. Over the years the series has undergone many overhauls. The character of Papa Cartwright was softened from that of a stern father to a loving and understanding one. When the accusation was made that the show didn't appeal to young people, younger actors were used and younger people worked into the story plots. But, alas, the more that was done, the more the ship seemed to sink. Everyone thought that if the show could survive the recent death of Dan Blocker, it could survive anything. All too sadly, that isn't so, and we'll all miss the show and the Cartwrights who in a very real sense were people we could all relate to.

HOLLYWOOD CHATTER

(Continued from page 17)

Bet **DICK CAVETT** will visit the set of *Divorce His-Divorce Hers* now that his wife **CARRIE NYE** has been signed to play in the tele-film. But I'll give you odds the visit will not be to see his wife, but the **BURTONS** about doing his show, which has been cut to one week of episodes a month beginning this month.

YUL BRYNNER is shedding not a tear over the demise of his *Anna and the King* show. He made a bundle off the show, reintroduced himself to the American public and is now hard at work on a film in Paris called *The Serpent*. **JANE FONDA's** father, **HENRY**, is his co-star.

BARBARA ANDERSON who used to wheel **RAYMOND BURR** around on *Ironsides* will star in no less than six of the *Mission: Impossible* shows being shot for this season. She is filling the void left by **LYNDA DAY GEORGE**, who was out having her baby.
