tired of him."

"David said that 'English girls are sexier and he'll take them over American girls any day.' So he might as well go to Britain because everybody here hates him anyway!"

"David is so publicity-hungry that since he isn't the big sensation here anymore, he just has to find a new crop of fans."

"David is sick of California and is thinking of moving to England permanently."

Well, those are just some of the tall tales Rumor has been carrying your way. Nowadays, it seems that David's former fans aren't as loyal as they used to be. If they were loyal, they wouldn't doubt David's love for them. Worrying about whether American girls or English girls turn him on more, wouldn't enter their heads.

If you love David, truly love him, don't turn your back on him now and believe everything you hear without thinking it over first. Even if David does like his English fans, that doesn't rule his American fans out one iota! He loves all his fans wherever they are.

And if you're going to believe something, then please believe this. David is so full of love that he has more than enough love to love you and you and you and you and you and you! And nothing Rumor can say can disprove that!
