Dear Pat,
Does Donny like girls who wear glasses? I wear them myself and I'm always wondering about this. Thanks.

As long as she's a nice person inside Donny tells us that he certainly doesn't mind a girl wearing glasses!

Dear Pat,
Is it true that Blackfoot Sue have been together for six years? Also, did they ever have any other name?
Melanie Scott—

Yes, they've been together six whole years, Melanie! They were called Gift before they signed up with Jam Records last year when they changed their name.

Dear Pat,
I would like to know if Jay Osmond would prefer to be just an ordinary person as I suppose it must be really tough being so famous.
Denise Higgins—

Surprisingly enough Jay loves his work, Denise! Mind you, he tells us there are times when he wishes he wasn't so well known—like when he's being mobbed!!

Dear Pat,
