

YOUR HOROSCOPE

ARIES (March 21 to April 20)

Over the weekend watch out for a surprise concerning someone close to you. It may not be a nice one. But don't worry — everything will be normal again in a few days.

TAURUS (April 21 to May 21)

A series of small mishaps may interfere with your plans. Nothing serious mind — but possibly enough to be a nuisance upsetting the apple-cart for a couple of days.

GEMINI (May 22 to June 21)

A good week for making new friends and a good week for raving it up. In fact a good week all round! But don't start taking your sudden socialising too much for granted...

CANCER (June 22 to July 22)

That problem you've been worrying about will suddenly solve itself and you'll realise that it wasn't serious after all! There'll also be an interesting 'phone call in the near future.

LEO (July 23 to August 23)

There'll be some very exciting days in store! A good chance of getting about. Trouble is, all the good things may come at once and give you a bit of a problem deciding between them!

VIRGO (August 24 to September 23)

Be prepared for some rather nasty developments on the love scene which may leave you disappointed and disillusioned but there's something much better just around the corner!

LIBRA (September 24 to October 23)

An unexpected day out with some of your friends may have an unusual outcome. And on Wednesday wear your best gear 'cos it looks like being a good day for Librans.

SCORPIO (October 24 to November 23)

A stranger will bring some sudden excitement into your life. It will only be very brief however and you may feel a bit flat the following day.

SAGITTARIUS (November 23 to December 21)

A real fun week! Invitation after invitation! But be careful your friends don't get jealous. Try to be on your best terms with everybody.

CAPRICORN (December 22 to January 20)

A week for making decisions, spending money and buying all those things you didn't think you could afford last week. You'll suddenly find you're better off than you thought!

AQUARIUS (January 21 to February 18)

You could annoy a close friend without knowing. So try and patch things up quickly otherwise there may be a big rift in your friendship.

PISCES (February 19 to March 20)

A party you've been looking forward to may turn out to be a real drag. But something very nice may happen to your parents which will make the whole family happy.

David Other Self

At one time, I had thoughts of being a drummer — just thoughts mind. And here's a terrible picture of me — I think it's what finally put me off!

Bet you never guessed I was a boxer too — George Foreman, where are you? I'm ready... on second thoughts, let's skip that last remark!

Look what one of my fans sent me. Sandra Wells of Denver. Thanks a lot Sandra.
