

When The Spring Bug Bites!...

Donny just might be dreaming of that same moonlight walk with you!

Spring affects everyone the same and yet everyone just a little differently too. Let's peek in on how some of your favorite stars and superstars act and react under the influence of spring fever, spring madness, spring silliness or just plain Spring! Are you ready?!

You won't believe this but DAVID CASSIDY really gets a bad case of the sillies during spring! Why he's even been known to go swimming in the rain! Can you imagine splashing around in the water with more water coming down on top of you?! David thinks it's great watery fun! And if you think David's the greatest looking guy around, you should see him with his hair all wet and sticking to his head—you wouldn't even recognize him except for those eyes and that silly smile!

It's spring! Tee hee! Giggle giggle! Don'tcha just want to drop out, run away, goof off? Isn't this a great time to skip out into more funner things than school and housework and problems? Doesn't spring bring out the silliness in you? You bet it does!

How can you concentrate on your schoolwork when your mind wants to fly? Wouldn't you rather be in the country with that cute guy you adore? Or lying on your back looking up at the sky and dreaming of the marvelous things you'd love to do?

Well, guess what? You aren't the only one who gets bitten by the spring fever bug this time of year! You aren't the only one who wants to drop out, skip out and generally run away when spring springs in! Superstars are just as susceptible to the old spring bug as you are—and their fantasies are even wilder than yours!

While you may be dreaming of a moonlight walk with Donny,

And DONNY OSMOND! He's even worse! Do you know what he did during a recent bit of spring silliness? He created a lightshow on the stairsteps of the Osmonds' new home in Utah! He's got it all set up so that when you step on the first step, lights set into each step start going off and continue until you reach the last step! Can you believe that? (And can you imagine some poor startled burglar who might break into their house and try and sneak up those stairs—he'd be scared right out of his mind!) And Donny says that's only one of the fun things he's helping build into their new dream home! That's going to be quite a place!
