

# PARTRIDGE FAMILY FAN CLUB

58 Parker Street, London WC2B 5QB, Fan Club Secretary, Susie Miller

Hello there!

For once we can celebrate . . . We're better off than Partridge fans in the States!

I got all the details second-hand from Pat, after she'd been chatting to Susan on the 'phone. And it certainly seems as though the entire Hollywood film industry has had to shut down because absolutely all the scriptwriters are on strike — both on TV and movies. That includes Danny's Dad, of course, so he's getting in a very rare extra vacation as well!

Shirley has been making the most of the extra time at home, too. As you must already know, one of her favourite hobbies is cooking (Yes, she really does count it as relaxation, believe it or not!) . . . Well, she went back home from Europe with all sorts of special new recipes she was determined to try out for herself. And what better place to do it than her brand-new restyled kitchen?

To us, it all sounds so mundane and ordinary — but to Shirley it's a wonderful new side to life. Because she's normally so busy working that she has to live her private life almost by remote control! I can remember her telling me a short while ago how sad she feels sometimes to have to live her life through short cuts.

You see, when she comes in after a hard day's work at the studios, she doesn't really feel in the right mood to experiment with a new, exciting recipe, which may take a couple of hours to prepare. She just goes for something quick and tasty, so she can get her feet up before too long!

While Shirley gets busy with the cooking, David's working on the raw material! By all accounts, he's got quite a thriving vegetable garden now and hopes to start eating his work (No, not his words!) soon.

But I must switch back to the news on this side of the Atlantic in the hope that I can squeeze it into the space I've got left. It's about another new development in the Fan Club Wallet.

A lot of you have been writing in to say that you would like an official David Cassidy and Partridge Family newsletter mailed to you personally, as well as my regular pages in Superstar and The David Cassidy Magazine.

My first reaction was: What a great idea!!! Then I started trying to work out how to organise the mailing without the massive extra cost putting up the sub. (You see, I'm well aware that pocket money is not made of two-way stretch elastic!) So, this is the way it'll be in future . . .

All new members will automatically get vouchers for bi-monthly Partridge Family newsletters included in their wallets.

And, if you've already joined, you can quench that howl of protest right away! Because, if you'd like to receive these as well, all you have to do is write in and tell me! Mark your envelope "NEWSLETTER APPLICATION" in the top left hand corner and be sure to give me your full name and address, your membership number and the date on your current membership card. Just one more thing . . . You MUST enclose s.a.e. for me to send you your vouchers. From then on, all you'll have to do is exchange each voucher for a newsletter at the right time.

Any problems . . . Just write and let me know — enclosing that s.a.e. for my reply of course!
