

SPECIAL Look-in 10 W.H. Smith Cassette

THE PRIZE: The W. H. Smith Cassette Recorder! It will accept any standard cassette and will record blank cassettes as well as play musicassettes. A blank 30 minute cassette is included.

One of the most outstanding features of the Cassette Recorder is that it can be plugged directly into a mains supply once the appropriate household plug has been fitted. A transformer is built into the machine and no additional equipment is necessary for operating it from a mains supply. The Cassette Recorder can also be powered by four HP11 batteries, allowing it to be used outdoors and in the car as well as in the home.

Measuring 7" x 9½" x 2½", the Cassette Recorder has a smart black finish with brushed aluminium panels and a retractable carrying handle.

Simple to use "piano key" controls are located on the front of the machine. There are separate volume and tone controls, a record and battery meter and a pop-up compartment for easy loading of cassettes. Each Cassette Recorder comes complete with a remote control microphone and an earphone for personal listening.

The W. H. Smith Cassette Recorder is exclusive to W. H. Smith and is available from all W. H. Smith shops with Record Departments, at a price of £22.50. (This price is subject to change due to the introduction of VAT on April 1st 1973).

10 of these magnificent recorders are offered as prizes in this fun to enter competition.
