THE HEYWOODS met the Brady Kids backstage after a concert they did together! They hit it off super and still keep in touch today!

LEFT: ONE OF my favorite adventures with the Osmonds was in Hawaii in 1972! Donny and Jay made paper airplanes and threw them from the window of the hotel to their fans below!

SUZANNE Crough from "Partridge" took me for a fast ride when TB did a photo shooting at home.

TWO GREAT guys got together when Bobby Sherman worked with David on "Partridge!" They really hit it off and acted well together.

LEFT: DOING OUR fashion section in TB is lots of fun, especially when Marisa DeFranco and Lane Caudell are models! She's so pretty

ANOTHER BIRTHDAY and this time Andy Williams pins tail on the Tiger!

FAVES GET together again, and this time Donny, Marie and Michael Gray help sort mail at the TB offices! They had such fun!

RIGHT: David's roommate Sam Hyman introduced us to his dog Willy (in the background). We already knew Sheesh and Little Kula who was a gift to David from Tiger Beat and Fave on his 22nd birthday! It was so sad when Kula died.

TENNIS anyone? Wayne convinced me to play with he and his brothers in Las Vegas.

RADAMES PERA likes to come by the office to answer fan mail! Radames is one of those guys who really tries to please his fans whenever he can! He's great to talk to and really tells some funny jokes! He's a great actor!
