GARLANDIA

Dear B.J.:

I just recently bought my first issue of TV MOVIE PIN-UPS and I thought it was great! First I thought it was another one of those teeny-bopper rags, but I was impressed to find out that it wasn't. Thanks so much for your article on Liza and Desi. I want to tell you about the disease I developed last November called "Garlandia." I have gone crazy collecting pictures, records, articles and books about Judy Garland. Please tell me, is there an organization still around connected with Judy Garland? Do any of your other readers have an interest in the Garland clan?

Don Marcellus, Butler, Penna.

Dear Don:

No doubt some of our readers are Judy Garland freaks, too! Judy was under contract to Metro-Goldwyn-Mayer for many years. Contact them (M-G-M, 10202 W. Washington Blvd., Culver City, Calif. 90230) and ask them about organizations concerned with Judy.
