... or, what's up with your television friends!

Wany personalities from the television set actively participated in **DORIS DAY**'s annual benefit for Actors and Others for Animals. **DORIS**, with her hand in a cast from a mishap earlier in the week, modeled some of her own fantastic frocks which were auctioned at fantastic fees. . . . **JOHN CALVIN** (who just returned from Dallas, Texas, where he starred in *The Star Spangled Girl*) and *The Heywoods* were a real hit in the kissing booth! **JOHN**, with tired lips, was mobbed by his fans when he tried to make an exit. . . . **RICK NELSON** and *The Stone Canyon Band* were also on hand and received a tremendous ovation with their out-of-sight rendition of *Garden Party*. It is interesting to

note that **RICK** is as popular today as he was over ten years ago when he was the leading teen idol of the television set. . . . Beautiful **SUSAN SAINT JAMES** (*McMillian and Wife*) donated her time and energy by setting up a health food booth which proved to be a real treat. . . . **TODD CRESPI** who will be opposite **BILL BIXBY** is confident that *The Magician* is going to be a hit next season that he has been shopping around for a yacht. . . . **DAVID CASSIDY** has been relaxing in his Maui home for a change although he flew into town to film a commercial spot with **SHIRLEY JONES** announcing the time change of *Partridge Family*. As the days of summer continued, so did the hair of **RADAMES PERA**, **DAVID CARRADINE**'s television son on *Kung Fu*. His longish hair looked fabulous but he had to get it cut when "Kung Fu" resumed filming for the season. . . . Looks like *The Girl With Something Extra* starring **JOHN DAVIDSON** and **SALLY FIELD** is going to be a groovy new show. While **JOHN** was hosting *The Tonight Show* he had **SALLY** on as a guest and we were fortunate to catch some clips of the new series which looked super! **JOHN** spent part of the summer displaying his singing and acting talents in *The Music Man* in Warren, Ohio, and *Oklahoma!* in Dallas, Texas. . . . DESI ARNAZ JR. and **LIZA MINNELLI** split: Is there truth to the rumor that **LIZA**'s romance with **PETER SELLERS** is merely a cover up for who left whom? . . . In July, superstar **BARBRA STREISAND** taped a television special in London. It is the star's first television venture since her 1968 success and it promises to be absolutely brilliant, as usual. Her only guest is **RAY CHARLES**. . . . After her highly rated *When You're Smiling* special, there is a good possibility that **ANN-MARGRET** will bring the Broadway musical *Sugar* to the television
