

"DO YOU BELIEVE IN LOVE AT FIRST SIGHT?!"

continued from page 49

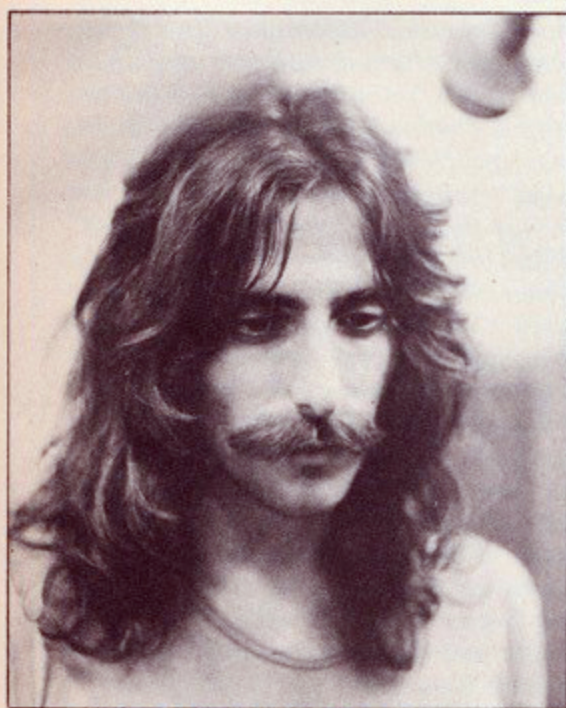

DAVID CASSIDY

I didn't always believe in love at first sight but I'm starting to change my mind! I've seen this kind of magic happen to good friends of mine and it really is a miraculous thing! I can't wait for it to happen to me!

RICK SPRINGFIELD

No, because you can be attracted to someone on a first impression but it takes a while to really get to know someone.

CHUCK NEGRON

You bet I do! It's a kind of electricity that flashes back and forth between two people when they meet and they just *know* that something great is going to happen to them! There's nothing else like it in the world!

MICHAEL JACKSON

I play it cool with love at first sight until I get to know the girl better. She may be the baddest chick I ever saw, but when I get a look at what's "inside" her she has to look just as good! What she *is* counts more than her looks!
