

DAVID'S AUSTRALIAN FRIENDS!

DAVID'S ALWAYS loved animals, so he couldn't refuse a chance to visit the Animal Sanctuary in Brisbane, Australia! Like his friend the Koala bear?

WHAT WOULD an animal preserve in Australia be without Kangaroos? David made friends with the shy animals and got them to eat right out of his hand! Other animals at the park included deer, rabbits, elephants and lion cubs!

DAVID'S FRIEND Sam Hyman had fun in the park, too! David took this picture of the bear and Sam!

DAVID'S FAVORITE was this tiny month old baby Kangaroo! He's called a "Joey!" Darling!

DAVID SPENT a couple of hours in the park, just relaxing and playing with all the animals!

David Cassidy had a great time doing concerts in Australia this Spring. And, when he wasn't singing and dancing, he was having even more fun—at the Wild Animal Preserve!

DAVID'S ONLY regret at the Sanctuary was that you were not there with him!!!
