

# DAVID'S

# DYNAMITE DREAM!

Late one afternoon, after another hectic day on the set, David Cassidy walked alone to his dressing room to take off his make up and sort out his thoughts. He had only a month left to film the "Partridge Family" and he knew he'd learned a lot from doing a weekly show. He felt he could handle anything now, if only he could decide what direction to take.

In the quiet of his dressing room, David began to think...then to dream...of what direction he would like to take!!! He dreamt of his "ideal" future...bright, exciting, successful & "perfect in every way!" Here's how that "dynamite" dream went!...

## FAR OUT ON STAGE ANTICS!!!

David's backstage, listening to a huge audience clap and cheer while waiting for his show to start! The music begins and David hops out centerstage, smiling and wearing a dazzling gold and silver jumpsuit, silver bow tie, silver top hat and glittery gold tap shoes! Very much like Fred Astaire, he sings and dances his way through numbers written by some of the finest Broadway show tune writers! The crowd goes wild!!!

AND, he travels with his new and unusual show to all parts of the world! His on-stage antics are outasite, dy-na-mite & have never been seen before!

## ACTIN' ACTION!

David accepts fantastic dramatic and comic roles on top TV shows! Millions watch him! Producers by the handful knock on

his agent's door, and ask David to star in one production after another! But, David doesn't accept all the offers 'cause he wants the freedom to do a *variety* of new things!

David shows his acting ability—he's a respected actor! And every once in awhile, he's invited back to guest on the "Partridge Family" and he gladly accepts!

## CREATING HOT HITS!

David develops his musical talents more, too! He's devoted to serious writing! Sitting under a palm tree on his property in Hawaii, David creates hot hits that zoom to the top of the charts! Other performers ask to record his material! He's known as a great song writer and compared to Burt Bacharach!

And, because of all his success with his career he's become a more together person, too! He's mature, no longer shy and he's able to deal with any problem he's got!

One day, he meets the girl he'll settle down with! His personal life & his career are totally fulfilling!

## THANKS TO HIS FANS!

David knows all his happiness is due to his fans! They've loved and stayed with him from his early PF days—through hard times—to his current success! Just as he'd wanted, they've grown with him and are happy, too! Everything's perfect—"perfect in every way!"

That's how David would LIKE his future to be—IF he could have everything work out HIS way!!! Who knows? His future just might work out exactly like that!!!
