

MEOW!

BY SHARON LEE

Mello to Everyone! We've really had a lot of fun in Hollywood this month and I want to tell you all about it! First of all, our 'Fly to Hollywood' contest winners from the DeFRANCO "Heart-beat, It's a Lovebeat" and "Abra-cadabra" contests in Tiger Beat came to Hollywood to have fun with the DeFRANCOS for one fabulous week! They got to meet a lot of other stars, went to Disneyland, to Universal Studios, and lot of other things! Check out all the fun and excitement—and share the winner's kisses from TONY in this issue on page 74! And, you've still got one last chance to win our "Save the Last Dance For Me" contest and fly to Hollywood to kiss TONY yourself! See page 100 for the chance of a lifetime!

head and under her chin! Her cheek was really swollen, and she was trying to cover it up with the scarf! She's doing fine now, though, and the dentist took care of everything!

TONY's been hard at work in the studios recording night and day to finish the DeFRANCOS' second album! He did, too, so you might have a copy of it in your store by now! Don't you just love their latest single, "Save The Last Dance For Me"?

DONNY OSMOND gave me a call the other day from Utah, just to say "Hi!" to everyone here. Isn't he a sweetheart? And didn't you just adore him on the "Perry Como Sunshine Hour"? He did all those dance routines with sister MARIE like a real pro. I'm anxiously awaiting the opening of the

MARIE OSMOND really loves singing country-western and she was so thrilled to meet her idol Loretta Lynn, who's a famous country singer!

DON'T YOU JUST love the Heywoods' hit single record, "Billy, Don't Be a Hero"? I do! I think it's the best the boys have ever done! This picture was taken while they recorded it! Don't miss the Heywoods in our fashion section of Tiger Beat next month, along with pretty Brady, Maureen McCormick.

Speaking about the DeFRANCOS, poor MARISA missed some of the fun with the contest winners because of an infected tooth! She had to go to the dentist and have her nerve deadened she was in so much pain. When I visited her to try and cheer her up a bit, she had a scarf tied around her

OSMONDS' new stage act at the Tropicana Hotel in Las Vegas. I bet it's the best show we'll be able to see anywhere! They've been "secretly" rehearsing for it at home in Utah for a couple of months, so I'm expecting something super. And, knowing the OSMONDS, they won't let me down.

DONNY's another one who had a tooth problem, like MARISA DeFRANCO. He broke his tooth in the back during the PERRY COMO show taping and had to get it capped! His mom broke her tooth the next night, while munching on some popcorn, so they both went home to Utah with memories of dentists dancing in their heads!

CHRIS KNIGHT and ANSON WILLIAMS (from "Happy Days") both had a terrible scare! They were going to Ohio to appear on a Cerebral Palsy telethon, and the plane just about crash landed! ANSON and CHRIS, who had become friends on the flight from Los Angeles International airport to Ohio, said they have never been so scared before in their lives! We're glad that the plane made it down safely and nobody was hurt! Whew!!!! A real close call for two of our favorite guys!

ANDY & DAVID came back from their trip to Holland all excited about doing live shows again! They said they had so much fun performing for the United Nations Children Fund! They should be going to Northern California any day now to begin work on an exciting movie—where one of the boys
