DID you expect the Hay City Rollers to have a sudd They hit two but Sparks are ready for the number Bet you Brian Ferry will be there perty soon and island having two top class singles in the charts. T dies is great, fantastic, superb. I bring out the bann hands to play him right up to the top. Wonder how Brian are getting on in America' Status Quo are much number of the chart of the the national anthem of schools and R. Dean Taylor fonling chart substance. He makes IS and that's the right way than another mover from Mouth And M.

ALL THIS Ferry excitement makes me forget Gigles Chaquetti has gone to 16 and David Casaldy has landed at number ten but what's keeping the other David: His America has slipped to 36. Our Genny is going wild, for one, she's a Cliff raver and the other thing is her support to Showadywady. She held the brand new chart sloft and said loudly, "What did I say, my tips are all coming off." Cockney Rebei are going upwards but not at expected speed. All this excitement and all this chart movement! Yep, the Rubettes have slayed at number one.

DID YOU expect the Alan Price entry? Perry Como's entry is no surprise. Straight from yer American chart comes Threak from Ray Stevens and note the change of label for Mr. Turn Your Radio On, Ray. It could be novelty disc of '74, even though I thought the streaking mania had had its day. Isley Brothers are back making us feel all warm and talking about summer, did you hear the lady on a Radio One show who wished she had won Seasons In The Sun so she could play it to her kids on the beach? When will they listen to the lyrics! What's the best way to die on the beach?

ARROWS have made it, even if only brushing the chart Cozy is around once more and what can we expect from the breakers' Scotland's football boys hovering and waiting score in the 50. Bad Company are showing up and bey Chart Parade tip from the Staples is beginning to mov Great re-release from the Everly's almost there and the must be 50 occupiers from Lens.
