want that to happen do you? The boys are really talented and just adorable so I'm hoping that their new producer **MICHAEL LLOYD** will get them off on the right road again! But, the twins are feeling very low about what's been happening to them, or should I say what hasn't been happening to them? Why not write to them here at Tiger Beat and cheer them up a bit?

RICK SPRINGFIELD got playful with his favorite bear, when I had a chance to have a little chat with him at his Malibu pad! Bear was a gift from fan!

DAVID CASSIDY sends his hello from the Far East! **DAVID**'s been giving concerts in Japan, Hong Kong, New Zealand and Australia and should be back in Europe when you read this! What does **DAVID** plan to do after he gets back to the USA? Brad all about that, and what the other "Partridge" stars will be doing in our next issue!

"KUNG FU" star **David Carradine** and girlfriend **Barbara Segull** go everywhere together! They've a son they named Free! They seem very happy!

DENISE DUNLOP of Glendale, California, was the lucky winner of **KIL** radio's Valentine contest for **Tony DeFranco**! She won a date with **Tony**! **DJ Captain John** helped **Tony** and **Denise** into the limousine. Be sure to catch the entire **DeFranco** family on "The Mike Douglas Show" in April.

BOBBY SHERMAN and wife **PAT** gave birth to a sweet little baby boy the end of February. They named their second child **TYLER CORNEL SHERMAN**. **Tiger Beat** sends their congratulations. **BOBBY**, by the way, will create, produce and direct a series of visual advertisements for a new FM rock radio station here in Los Angeles! **BOBBY**'s formed a company called Phase One Productions which will handle commercials!

The **SYLVERS** family had a big housewarming party to get everyone together at their new home in Encino! They invited me along and it was the swaggiest housewarming I've ever been to! It was just like a really fun party and it lasted from 6:00 p.m. until after 11:00 p.m.! Everyone was dancing and having such fun. And, there was one problem that was easily solved by **MBS SYLVERS**! The caterers never showed up with the food and after Mrs. **Sylvers** ran out of potato chips and carrot sticks and the caterers still hadn't come, she got together some of her friends at the party and cooked up a super spaghetti dinner! It was better than any caterer could ever

have been! Have you heard **FOSTER SYLVERS**' new single "Hang on Sloopy"? I just love it! The old **SYLVERS** gang is just completing their 3rd album and they've released a new single, "Through The Love in My Heart!"

JIMMY and **B. J. Coulson** are brother and sister singers of the group **Trend**. A new single out now is "Free As the Wind," from the pic "Papillon."

Next month in **TB** you'll be meeting one of the handsome young stars from television's "Chopper One" series! **DIRK BENEDICT** and I had a "get acquainted" lunch the other day and I've got lots to tell you about him! He's a real doll!

Did you check out our fashions on pages 66-68? That was lots of fun! We shot the outfits up at **RICK SPRINGFIELD**'s Malibu hideaway! **RICK**'s been working day and night to get his concert group together for a tour! So, maybe you'll get a chance to see **RICK** in your town soon! **RICK**, by the way, loved all the fashions that model **JEWEL BLANCH** wore! You can have them for your very own, too, if you turn to page 95!

Out of town for this month! So, till I talk with you again, take care and have a wonderful Spring!

Love, Sharon

YOUNG ACTRESS **Carrie Rodriguez** did a great job in the television movie "Mrs. Klein We Love You!" It starred **Patty Duke**! Did you happen to see it?
