

DEAR FLIP

Q. Is it true that David Bowie is married? If so, what's her name? J.W.—Downey, California

A. Yes, David Bowie is married to a girl named Angie who Mick Jagger wrote the current Rolling Stones hit song, "Angie" for. The Jagers and Bowies are good friends, and like to go to parties together.

Q. Is Richard Thomas of The Waltons married? I've seen pics of his girlfriend and they look married to me! P.B.—Denver, Colorado.

A. No, Richard isn't married, but he does date his girlfriend, Sian, quite a bit. They make a nice couple, don't you think?

Q. I heard that Jan-Michael Vincent and his wife have a baby. What is it if it's true, and what's its name?

A. Jan-Michael and Bonnie have a beautiful daughter named Amber.

Q. Is it true that the big stars like Donny and David and the others have secretaries who read their fan mail for them and they never even see it? K.S.—James-town, N.Y.

A. Most stars use a fan mail service, which *opens* some of the mail, but it all goes to the star, unless they wish otherwise. The mail has to go somewhere, and the service gives them someplace to receive it and pick it up. But most of the stars do enjoy reading their fan mail when they have the time!

Q. Is it true that Donny Osmond was caught smoking pot? I can't believe it! B.B.—Savannah, Ga.

A. Don't believe it, 'cuz it's not true. Donny doesn't believe in taking any form of drugs, not only because of his religious beliefs, but also because he knows it's dumb to do bad things to your mind and body.

David Bowie

Q. Are Andy and David Williams related to Barry Williams? E.D.—Chicago, Ill.

A. No, they're not related. Only Andy and David are related to each other!

Q. I would like to write to Danny Bonaduce. Can you please give me the right address? Thanks. L.L.—N.Y., N.Y.

A. You can write to Danny at 6311 Yucca St., Hollywood, Calif. 90028.

Q. I heard a rumor that the house where actress Sharon Tate was killed was the house where Doris Day's son Terry Melcher used to live; and that they were really out to kill him instead of Sharon Tate. Please tell me it's not true, because Mark Lindsay was living there too and I'd hate to think anything might have happened to them! C.B.—Gainesville, Fla.

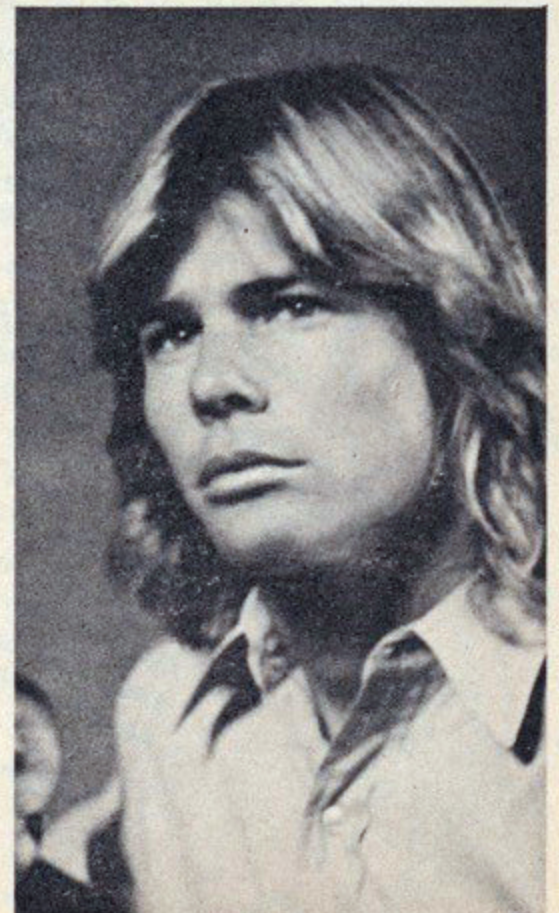

A. Yes, it was at the same house that Mark and Terry used to live in. And some people believe that Terry was the target, but no one has ever been able to prove it and all the killers are now in prison so neither Terry nor Mark are in any danger from them.

Q. Would you please send me Randy Mantooth's address? I think he's a great actor and a very good-looking guy! D.S.—Washington, D.C.

A. Write to Randy at Universal Studios, 100 Universal City Plaza, Universal City, California 91608.

Q. Is it true that Andy and David are scared of girls? They look sort of shy, so I was just wondering. P.J.—Phoenix, Arizona

A. No, Andy and David are NOT afraid of girls, but they don't like a girl who's really loud or too forward either!

Jan-Michael Vincent
