

Into The Future!!!

KEVIN TIGHE

Kevin will want to put more zap into his private life and he will find himself involved in all sorts of sports activities to "keep in shape." The crystal ball shows him spending less time indoors and more time outside meeting new people and doing things that involve a lot of physical activity.

MICHAEL JACKSON

Michael recently benefited from the services of Stevie Wonder who did some producing for Michael's most recent solo album. The crystal ball shows Michael continuing to take advantage of talented artists like Stevie in getting his own sound together. Look for Michael's own career to skyrocket!

DAVID CASSIDY

He's tired and he wants even more time to himself! Touring in the future will be less of a madhouse explosion and more of an artistic experience for David. The crystal ball reveals a lot more time spent in seclusion at his Hawaiian retreat.

ANDY & DAVID WILLIAMS

The new status of "moviestars" will blow the twins' minds and they'll have some time getting used to it! Their flick will be a success, however, and as soon as the brothers come back to earth, they'll be able to enjoy their continuing good fortune.

ALICE COOPER

Every day more and more "straight" people will hop onto the Coop's fanwagon and he'll become accepted by more conservative types. But—that does *not* mean he'll be leaving his old weird ways behind him. On the contrary, the crystal ball shows a freakier-than-ever Alice on the horizon!
