

# Love Desires!!!”

**CHRIS KNIGHT**

“What with the ending of our Brady Bunch show, I’m pretty concerned about keeping in touch with those fantastic ‘sisters’ of mine who are impossible *not* to love! I intend to see plenty of Maureen, Eve and Susan this summer!”

**JAY OSMOND**

“I want to find a girl who loves football as much as I do (is that *possible*?) and spend all of August playing catch with her! I really would love that—no kidding! Did you ever see me very far from my football? I bet you never did!”

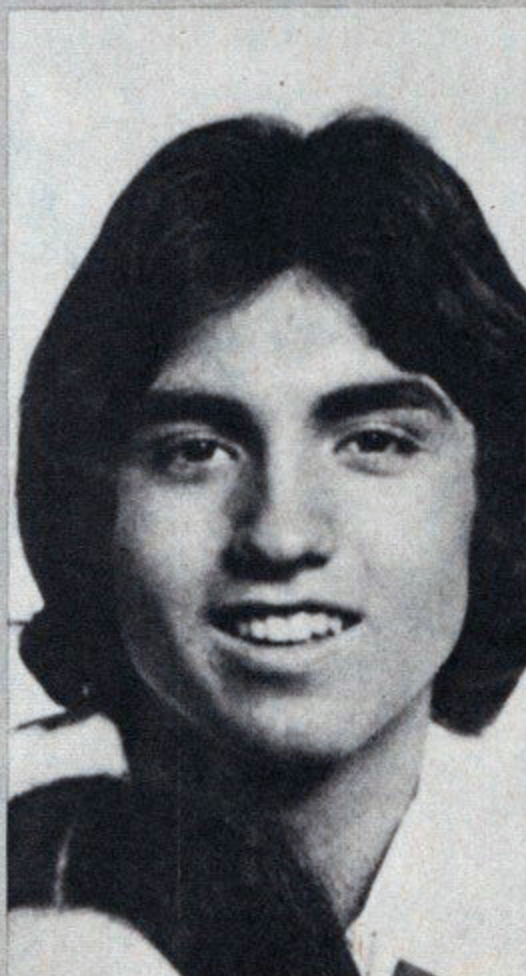

**CORY WELLS**

“I’d like to go to sleep and wake up on the moon and fall in love with a gorgeous lunar lady who would teach me how to fly, become invisible and play the harp!”

**DAVID WILLIAMS**

“I’d like to serenade this girl Andy and I know right under her bedroom window! If she thinks it’s dumb and sticks her head out the window and yells, I’ll say I’m Andy. If she digs the romance, I’ll reveal my real identity! A foolproof experiment if Andy doesn’t kill me!!”

**NINO DeFRANCO**

“I don’t have a special girl because I meet so many really nice ones it’s hard to choose! But I think I have some interesting ideas that I’d like to share with someone special. She’d have to be very understanding and have a good sense of humor. That’s more important to me than good looks.”
