

DEAR STARS!!!

**Eve Graham—
April 19**

Though the New Seekers have gone their separate ways, this "Great" Britain is a never-say-die Arien who continues open to all of life's exciting challenges! Talented Eve loves colorful scarves. Why not pick one out and send it to her c/o Gem-Toby, Suite 206, 6565 Sunset Boulevard, Hollywood, Calif. 90020

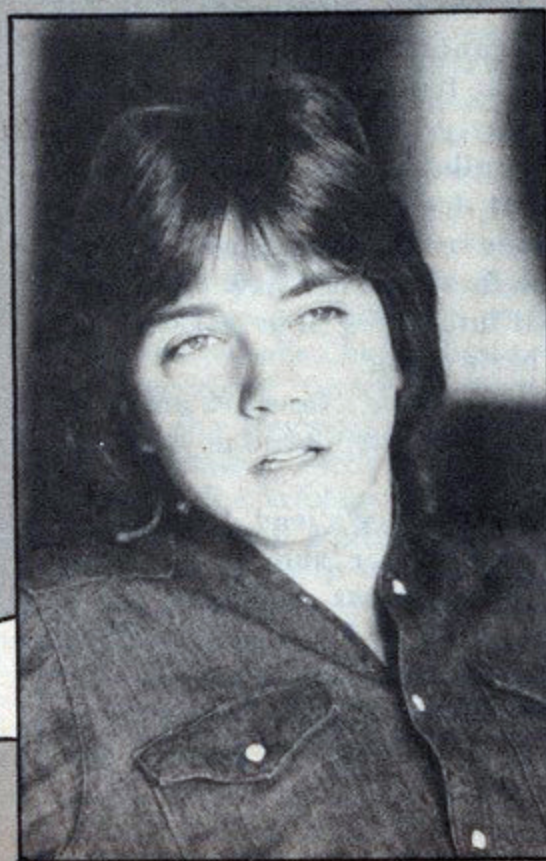

**David Cassidy—
April 12**

David shows the usual creative zeal typical of an Arien personality. He likes to work by himself on new songs and musical arrangements. He's always loved to have incense burning nearby—so if you know of a particularly sweet smelling candle or kind of incense, send it to him! Or why not even make him a candle yourself?

**Shirley Jones—
March 31**

Here's another favorite person still out and about persuing her ever more fascinating career since the Partridge Family left TV. She loves postcards and travel brochures and if you have a few why not send them to this birthday girl? Reach Shirley c/o Screen Gems, 1334 N. Beechwood Dr., Hollywood, Calif. 90028

WHAT'S IN THE STARS FOR YOU?!

Here's your personal zodiac report for the coming month! Just look up your sign (according to the day you were born) and find out how the stars will influence your life in the weeks ahead! And no matter what the future holds—may good luck follow you!!!

ARIES (March 21 - April 20)—Why are you so lazy this month? It doesn't pay. Don't miss out on the exciting opportunities that will be coming your way before you know it—be quick, not slow about getting things done!

TAURUS (April 21 - May 21)—Yikes! This is the month to hide under the covers! Don't take "colds miseries" out on everyone around you—please! And don't be so critical of others. Take good care of yourself, don't go out foolishly dressed in cold weather, and eat three good meals!

GEMINI (May 22 - June 21)—A good friend will land in the hospital this month with a minor problem. Your visits and attention will do more for her than anything else. This is the month to take time out to tell that guy you really care!

CANCER (July 22 - July 23)—You've made an important decision about that special person in your life and though you're suffering from predictable jitters now, time will show you that you've done the right thing and you will be very happy.

LEO (July 24 - August 23)—He makes you feel pretty and special this month—bask in the glow of it! You may still have the tendency to feel sorry for yourself about certain things. Be cheerful and encourage others to be and everything will work out for the best.

VIRGO (August 24 - September 23)—Stop stockpiling those borrowed items in your closet! Sort them out and return them to friends too tactful to tell you off for holding on to their belongings for such a long amount of time! And while you're at it—how about some earnest spring cleaning?

LIBRA (September 24 - October 23)—The planning stage is drawing to a close on your latest project and it is almost time to spring loose and let it out for the world to see! But hold out just a few more days before you explode! Last minute adjustments may be necessary.

SCORPIO (October 24 - November 21)—Some unlucky happening threatens to depress you terribly, but you spring back with tremendous optimism. Teach others to smile this month and everything will work out just fine!

SAGITTARIUS (November 22 - December 21)—Blue is your color this month! For the party at your girlfriend's house, for that special family get-together! Take extra care with your skin this month. Dry weather threatens to do damage!

CAPRICORN (December 22 - January 20)—Your good luck continues to the point where friends start believing you have your own personal good fairy or angel. Enjoy, enjoy and spread the cheer around! You deserve it!

AQUARIUS (January 21 - February 19)—Now's the time to start reading those good books you've been putting off. And while you're at it—write those letters, too. It isn't fair to expect others to write to you quickly unless you return the favor! Stop putting things off!

PISCES (February 20 - March 20)—Stop being a spectator and become a sportswoman this month! Pick your sport and go to it! You'll become healthier, happier and meet lots of interesting people!
