

## JAMMING WITH ERIC

**W**hen **Eric Carmen**, formerly of the **Raspberries** and now on his own with a couple of big hits, performed in Los Angeles recently, he was joined on stage by some very special musicians who had been watching the show backstage and decided to come on and play just for the fun of it. In the pic on the top you see **Eric** on the left, and his two every talented friends—**America's Gerry Beckley** (center) and **David Cassidy**—as they made some beautiful music together. Afterwards (right) **David** and **Eric** got

together in the dressing room to talk about old times—luckily for **16**, photographer **Richard Creamer** was there to get these pix of this historical event!
