

## David Cassidy

« Two words: Keith Partridge. As the eldest son on ABC's *The Partridge Family* (1970-74), David Cassidy set hearts pounding to a *Tiger Beat*. He had the perfect hair for flipping, the narrow hips bell-bottoms require, and unlike his TV siblings, he could really sing. Who cares if he never became a rock legend? Cassidy did something even Elvis couldn't pull off: He looked really sexy in a white-fringed jumpsuit. Yes, his career became fodder for VH1's *Behind the Music*. But he's still performing, he's still cute, and he's still not Danny Bonaduce.
