

The girl that he marries...

David himself says he won't marry until he's 30, which gives him another eight years of liberty as a bachelor!

But have you noticed something? FREDERIC DAVIES, the astrologer who has been predicting significant dates in his future, says 1979 is going to be an all-important-year for David.

That's when David will be 29, one year short of 30. Could it be this is the year when David will finally meet the love of his life, with a marriage to follow in 1980? Who knows?

Anyway, eight years is a long time in the life of a young man, and David will meet many, many girls if he stays fancy-free that length of time.

Supposing he met YOU — would romance be impos-

sible? Not at all. There are no impossible combinations of people born under different Signs of the Zodiac. Each Sign behaves differently with another Sign, but you might have to adapt your nature a bit to blend in with David's needs!

Let Frederic Davies explain what might happen if David fell in love with you. And, by the way, this famous astrologer feels David will eventually meet someone on a long trip, perhaps far away from normal surroundings. The marriage may well take place out of America, with mystery and secrecy surrounding it!

In reading these predictions, remember one thing. If you were born at the very beginning or the very end of a Sign of the Zodiac, you may have some of the traits of the Sign that immediately precedes or follows it:

no problems in your romantic life as David will be very virile and you will be very desirous of love. Scorpio is the sign of sexual activity — but not always happiness. Be more trusting and not suspicious!

SAGITTARIUS

(born November 23—December 22) Like David you are a Fire Sign, adventurous, enthusiastic, and a lover of Freedom. You will be very outspoken with him, but he will admire this in you. Ruled by JUPITER, the Planet of Greater Good Fortune, you will be very lucky for him, like a mascot. Try not to chatter away too much and don't try to be the Boss. Talking problems over frankly will solve all difficulties. You are very optimistic and loyal, and if you can be more emotional in your love life you can have a happy relationship

CAPRICORN

(born December 23—January 20) happens to be in the House of Partners and Marriage in David's chart. You will be very much more down to earth and less impulsive than David. Try not to be so serious in love and be more open and demonstrative in romance.

You need love and affection, but sometimes you can be a little too business-like about your career and ambitions. Make David your ambition and all will be well. You will have much success as a partnership, not only in love but in business. Be less conventional!

AQUARIUS

(born January 21—February 18) David's MOON is in AQUARIUS. This will be a strong attraction to you. This is an ideal relationship, but you may have to try to be a little more domesticated (which for you is difficult).

You will be very persistent in developing this affair. Being active you will appreciate David's need to be busy. Encourage David

when he's down. Idiosyncrasies by both of you attract each other. Your love life will be full of surprises!

PISCES

(born February 19—March 20) is a very emotional Sign and may appeal to the very sensitive and tender David. Your love life is adaptable and responsive and even after upsets you will have much happiness together. You love to cry. David will understand. You will help him, giving him faith and courage in himself. Don't be possessive or jealous. Remember he likes to feel "free" even if he's not. This will be a spiritual affair.

David is very frank and outspoken at times, but you will know exactly where you stand with him. There will be no deceiving you. David is honest and sincere. His magnetic, "Pied Piper" enthusiasm will make you follow him and love him and, in doing so, it will bring your whole world alive.

At the time of his birth the MOON was in the area of the Heavens called AQUARIUS, so David's love and emotions will have many of the Aquarian traits. Aquarians love everyone — friends, neighbours, tradesmen, and co-workers as well as their own marriage partners.

David's wife or girl friend will have to be very understanding and not be jealous of his affections for his fans!

David's destiny will make him work for humanity. Through his music and through his fans he will become a very important leader in helping others who suffer from sickness, poverty, or some sort of discrimination.

His Aquarian Moon will also make him seek freedom at times. While he desperately needs the security and happiness of a home life, he must never feel boxed-in, imprisoned or limited in any way.

Looking at his chart you will see his Ascendant (the constellation of the Zodiac rising above the horizon at the moment of his birth) is Cancer, so he will have many of the physical and mental feelings of Cancer. His appearance is sensitive and tender, more 'watery' Cancerian than 'fiery' Aries. He is a lover of the home, food, (he'd make a good cook!) and music.

A family life is important to him, and already he sees his work-mates — his manager, agent and other musicians — as part of this "family."

Because Cancerians are ruled by the MOON, there will be many changes of mood, even in the day, but this moodiness and sensitivity is what makes David's music so appealing. Don't worry if you feel David is a little unhappy at times. These moments in his life are important, and somehow magical. Fortunately his tremendous activity keeps him from ever being really low!

He will also dislike being teased, so be forewarned — David has an inborn fear of ridicule!

Immediate indications are that David's big months in 1972 will be NOVEMBER and DECEMBER because he has Neptune, Mars, Venus, Mercury and the Sun in the FIFTH HOUSE — which is the House that controls all success in showbusiness and love affairs.

Some business connected with home and property or some activity shared with his parents could well come to a head in SEPTEMBER and OCTOBER.

He should be careful of his health in JANUARY, 1973 and this is a month in which he will make new contacts.

His career will boom substantially from MARCH to JUNE, 1973.

Looking further ahead, David is in for a great year in 1974 — as important a year to his destiny in 1971. AND HIS MOST IMPORTANT MOMENT OF ALL IS DUE TO FALL IN AUGUST, 1979, WITH 1977 and 1980 as other 'good' years.
