

# *Kissinger, Children Sight-See*

Hollywood (UPI) — Presidential advisor Henry Kissinger toured Hollywood yesterday, showing his children the sights and helping them gather autographs from performers.

Kissinger said he was "taking the day off to spend with the children." He was accompanied by Elizabeth, 12, and David, 10, to the television sets of "Partridge Family," where they met David Cassidy and Shirley Jones. They also visited Bobby Sherman on the "Getting Together" set.
