

IT'S ONE OF THOSE NIGHTS (YES LOVE)

by THE PARTRIDGE FAMILY (BELL RECORDS)

Does a month ever go by that the Partridge Family does not have a winning song on the charts? Reminds us of the hey day of The Monkees. And yet the Partridge Family TV show is different in that it has produced separate, unique stars. The program has given actress-singer Shirley Jones a new career and also has launched her real-life stepson, David Cassidy, as a solo performer. David has had a single on the top of the charts for ages. It used to be that David's father and Shirley's husband Jack Cassidy was the major star in the family as actor and musical comedy star. But now with the Partridge Family, Shirley and David have caught up with Dad. Does he care? Well, as they say, the Cassidy's are laughing all the way to the bank.
