

**Bob Hope's new movie "Cancel My Reservation." The premiere was for the benefit of the Retarded Children's Western Special Olympics, of which Bob is chairman.**

**Next year, David Cassidy takes over as chairman of this event, which gives the retarded kids something we all want — a sense of achievement.**

**The movie is a really family picture with lots of laughs.**

**"This movie is rated GG," said Bob. "Not that I wouldn't like to make the other kind but I can't pass the physical."**

**Hope also passed along the word that Dean Martin is going to vote for Nixon. "He's never seen a pink donkey."**
