SHIRLEY JONES, who called a b o u t her Movie of the Week appearance tonight reports that stepson and teen idol David Cassidy will go on a concert of Europe — Germany, England and Denmark—starting late this month.

Also, Shirley herself will do some traveling. She and husband Jack Cassidy, who had their marital ups and downs, will go on a second honeymoon to London, Scotland, Paris and Rome. It is not a first trip for either, but it will be the first time they have gone abroad without having to work.

She anticipates a month off from the Partridge Family this summer and is hoping to do "My Fair Lady" in summer stock with Cassidy.
