

What has happened to David Cassidy? Not long ago, he was everywhere — now we hardly ever see him.

The one-time idol of the Acne Generation has himself been hit with a bad attack of skin problems — the result, say doctors, of nervous tension arising from his fight to quit the drug scene and his grief over the death of his father, Jack Cassidy, in a fire. Love, however, appears to have cured what the doctors couldn't — since his recent marriage to "Rich Man, Poor Man" star Kay Lenz, his features have resumed the boyish good looks that once traumatized the teenyboppers.

DAVID & KAY: Clear sailing
