

David Cassidy: On the road

Singer **DAVID CASSIDY** shared this weekend's spotlight with former "Partridge Family" co-star **DANNY BONADUCE** as Cassidy kicked off his first U.S. tour in 15 years.

Last month, Bonaduce, 31, was sentenced to three years' probation in Phoenix for attacking a transvestite prostitute.

The tour is Cassidy's first since he scored a Top 20 hit last year with the single "Lying to Myself." Plans for a tour then fell through when his record company went out of business. "It was so disheartening," said Cassidy, 41.
